50 CENTS PER MONTH

GERMAN RESISTANCE STIFFENS ON NEW VESLE RIVER LINE

Estimate Hun Loss Near 350,000 Since July 15; 40,000 Prisoners

AMERICAN GUNS OPEN UP ON HUNS NEAR FISMES

Yankee Patrols Cross Vesle; Enemy Artillery Fire Shows Increase

BY FRED S. FERGUSON
(United Press Staff Correspondent)
WITH THE AMERICAN ARMIES
IN FRANCE, Aug. 5.—American artillery has opened up on German lines and railways more vigorously than for the past two days and there is machine gun activity about the region of Fismes—now in the hands of the Americans—indicating the enemy may possibly plan desperate resistance there.

American patrols are across the Vesle. After the Americans took Vesle, other United States troops moved northward in the Mareuil-Dole region.

They marched steadily forward through a downpour of rain Saturday night and Sunday and spent most of the day feeling out the boche positions in an effort to establish contact. Late in the afternoon the German artillery began violently shelling the Americans. Whether the enemy intends to make a stand or withdraw his artillery further it is impossible to guess at this time, but American officers believe the Germans must now of necessity retreat beyond the Aisne.

The entire retreat was marked by vigorous shelling, just prior to an intended artillery silence. After a great outburst of shell fire the boche artillery remained quiet for two days and the American guns necessarily were less active.

American casualties during the past forty-eight hours have been amazingly slight, considering the depth of our advance. I saw an advanced dressing station empty, the doctors idle and ambulances lined up, with the drivers resting. Everything bears out the statement of officers and men that "there hasn't been a battle for the past two days—just a march."

Over the ground of the recent bitter fighting, a striking note was that all the German dead lay in valleys, woods and towns, while the American dead were on the ridges. This is due to the boche system of establishing machine gun nests. When in villages or woods the enemy machine guns are carefully placed in hollows 200 yards from the top of a rise or plateau. The advancing Americans have no hint of resistance until they reach the crest of the elevations. The boches are then able to open a surprise fire and the doughboys have to rush the nests.

CARLOS EASTMAN OF IOWA UNIVERSITY DEAD IN CRASH

IOWA CITY, Aug. 5.—Prof. Carlos Eastman, head of the Latin department, Iowa State University, is dead here today, the result of an automobile smash near here yesterday.

Eastman lost control of the machine and it overturned, going down an embankment. He suffered a fractured skull and died almost instantly. His widow, daughter and another girl were painfully injured.

W. S. S.

137 MEN IN RIVERSIDE NATIONAL GUARD UNIT

RIVERSIDE, Aug. 5.—The men who are slated for commissions in the new National Guard company just organized here are: Captain, Carlton A. Kelley; first lieutenant, Frank C. Russell; second lieutenant, Frank C. Nye. These three men have been prominent in organizing the new company and have been recommended to Adj. Gen. Borree for commissions.

Riverside's company is now 137 strong, and was put through its first drill Friday night. In addressing the men, Maj. Wishard characterized the newly-formed company as the best he has yet mustered in. It is possible that Corona may also have a National Guard organization.

KEEL TO LAUNCHING IN 24 WORKING DAYS AT BETHLEHEM YARD

Record Claimed for New 12,000 Ton Vessel Launched at San Francisco

ALAMEDA, Aug. 5.—Launched 24 actual working days after the laying of her keel on July 4, the 12,000 ton steamer Invincible was riding at anchor today in the actuary off the Bethlehem ship-building plant.

Officials of the Bethlehem plant claimed a boat of three days over the record of Tuckahoe. The Invincible keel was laid July 4. Four Sundays and a two-day strike lengthened the elapsed time.

W. S. S.

IOWA CROPS IN DANGER FROM EXCESSIVE HEAT

113 at Clarinda Yesterday; 110 at Des Moines; Hottest Time in 40 Years

DES MOINES, Iowa, Aug. 5.—With the hottest weather in 40 years prevailing in the southwestern section of Iowa and no relief promised by the weather bureau, indications are that serious damage will result to corn, potatoes and gardens.

Officials at the weather bureau predict high temperatures of 100 for Des Moines and southern Iowa for Monday and Tuesday. Rain cannot be promised. Lack of moisture throughout the southern portion of the state the last three weeks places crops in a precarious situation.

Northern Iowa is safe for a time. Unless continued warm weather prevails, crops will be harvested safely. Clarinda, with 113, was the hottest place Sunday. Des Moines was second in the United States with 110.2 degrees and Omaha ranked third with 110 degrees.

LONDONERS DOING HONOR TO ITALIANS

LONDON, Aug. 5.—Everyone in London is doing honor to Italy. In restaurants the principal dish on the carte du jour is macaroni, and people who never have attempted that delicacy before are now entangling their mouths in coils of it, under the impression that they are paying a compliment to Italy.

The lunchers beam on the Italian waiters and the Italian waiters beam back on their customers. The effect of Italy's great showing in the war is evident everywhere. Even the Italian organ-grinders are having coins showered on them in unprecedented fashion.

At present it looks as if the Italian cult has come to stay.

W. S. S.

AGED WOMAN DIES FROM FALL INJURIES

CLAREMONT, Aug. 5.—Mrs. Helen G. Parsons, of this city, who has been at the Pomona Valley hospital for the past three weeks, suffering from a broken hip, passed away Sunday. Mrs. Parsons was 78 years of age and her injuries, which were the result of a fall proved too much for one of her advanced age. She leaves a daughter, Helen M. Parsons, of Claremont, and a son, I. D. Parsons, of Hayward, Cal. Funeral services were held at the Todd & Patterson funeral chapel this afternoon, Dr. Kingman officiating.

The Big Financial Offensive

You buyers of Liberty Bonds and War Stamps are the financiers of this war. The little man is as important as the big man. You are paying for the war, feeding and financing the outside world as well as your own country. The next bond issue comes in September. Be ready for it. Do your share in that big offensive of finance which is, in importance, next to the military offensive on the western front.

1,500,000 BOCHE 77 SHELLS ARE CAPTURED IN ALLY DRIVE

French Meet Resistance Everywhere North of Vesle, Reports War Office

BY JOHN DE GANDT.
(United Press Staff Correspondent)
PARIS, Aug. 5.—(10:50 a. m.)—Allied troops have established two strong bridgeheads on the north bank of the Vesle at Bazoches, three miles west of Fismes, and at Jonchery, six miles east of Fismes.

The German losses in the Fismes region have been as severe as at any point in the retreat, it is reported. Included in the material captured by the allies are 1,500,000 shells of 77-millimeter caliber.

Since July 15 von Hindenburg has engaged 87 divisions (1,044,000 men), including 47 divisions (564,000 men) in the Marne pocket.

PARIS, Aug. 5.—(Noon).—French troops have met German resistance everywhere north of the Vesle, the French war-office reported today.

"Light French elements that crossed the Vesle met German resistance everywhere," the communique said. "There is nothing new to report from the battlefield."

W. S. S.

WE'RE FEEDING THEM MEAT, AND THEY LOOK IT

WASHINGTON, Aug. 5.—The food American army boys are getting now is assuring them fine health. In the wake of data showing mortality and sickness rates lower in army camps than in most civil communities, came word today that the average soldier gains nine pounds after entering the service.

Moreover, according to Maj. J. R. Murlin, it is sound flesh that will "stick." The American soldier's meat ration, 134 pounds, which is higher than that of his British, French or Italian brothers-in-arms, is making him quick on his feet, or, to speak the medical lingo, "gives him quick delivery of maximum energy."

W. S. S.

FREE DENTISTRY FOR SOLDIERS' FAMILIES

CHICAGO, Aug. 5.—"Free torture" for soldier dependents was one of the themes under consideration here today at the opening of the National Dental Association convention here today. Plans for free dental service to those left behind will be worked out. Surgeon General Gorgas and Senator Borah are among the scheduled speakers. The convention ends August 9.

W. S. S.

HOSPITAL PATIENT IS KILLED IN FALL

SAN FRANCISCO, Aug. 5.—Lawrence Ridgeway, 30, of Chicago, leaped from a fourth floor window of the Franklin hospital late last night and was instantly killed. Ridgeway was a traveling salesman for a musical instrument house. He had entered the hospital yesterday following a sudden attack of hysteria.

W. S. S.

\$1140 FOR RED CROSS TRAPSHOOTERS' GIFT

CHICAGO, Aug. 5.—Trapshooters here for the grand American handicap tournament, yesterday raised \$1140 for the Red Cross through bidding for places as officials for the meet, which ends Friday.

A team shoot resulted in victory for a team captained by Frank Troch, Washington state champion, 490 to 488.

W. S. S.

APRICOT SEASON OVER; PEACH HARVEST BEGINS

CLINTON, Aug. 5.—The apricot run at the Gregory Fruit Cannery is at an end, and there is a lull in operations for a few days. By next Wednesday the peach season will open, and about August 15 work will begin on tomatoes, and the real rush of the summer will be on.

13 MILLION MEN MAY REGISTER FOR THE DRAFT SEPTEMBER 5

Great Man-Power Bill, Making Ages 18 to 45, Introduced in Congress Today

WASHINGTON, Aug. 5.—September 5 next will be registration day for more than thirteen million Americans between 18 and 21 and 32 and 45, if Congress heeds the urgent plea of Provost Marshal General Crowder.

Leaders are getting plans under way this afternoon for speedy passage of the new manpower bill introduced today in the House and Senate. Crowder's warning that registration should not be delayed beyond September 5 if the calls for October, November, and December are to be met out of Class 1, caused House and Senate leaders to consider reconvening both houses next Monday to begin work on the bill.

WASHINGTON, Aug. 5.—The great manpower bill, making the draft ages 18 to 45, was introduced in the House and Senate today.

The bill in the House was referred to the military committee but it is unlikely that it can get consideration before August 9.

Under the extended age limits, Provost Marshal General Crowder estimates that 2,338,845 more men available for fighting service will be obtained. The total registrants between 32 and 45 years of age Crowder estimated will number over ten million.

KANSAS CITY, Aug. 5.—Secretary of War Baker arrived in Kansas City today en route to Leavenworth, Kans.

Concerning the battle front situation, Baker said: "The offensive has been wrested from the Germans. That is a big thing—a tremendously important and vital thing. It means that the Allies can choose their own ground for fighting. But we must not let that lead us into over-optimism or to lose sight of the fact that our task is just beginning."

Discussing the proposed new draft ages, the secretary said it is not the intention of the war department to disturb the domestic life of the country, nor to go into deferred classes.

W. S. S.

FIVE ARE HELD AS L. A. BANK ROBBERS

Woman's Love of Fine Clothes Said to Have Started Plans for Looting

LOS ANGELES, Cal., Aug. 5.—Four men and one woman were held by the police today charged with robbing the Westlake Branch of the Home Savings bank three days ago. A second woman, Mrs. Bettie Priest, prominent woman auto racer and aviatrix, was released and exonerated after having been arrested with the others.

Those under arrest are: Robert E. Hayes, aged 20; Jack Walters, aged 21; Frank Damaraski, aged 25; F. P. McDermott, aged 25; Mrs. Bettie Walters, young bride of Jack Walters.

Mrs. Walters' love of fine clothes, according to the police, led her husband to plan the robbery and the others joined him in his plans. The four men, according to the police, soon after the robbery appeared at stores with unusual amounts of money and spent it readily. Seven hundred dollars of the money taken has been recovered.

W. S. S.

GREAT LAKES GETS U. S. TRAINING SHIP

WASHINGTON, Aug. 5.—The U. S. Shipping Board today assigned a training ship to the Great Lakes. Its port will be Cleveland. This is the thirteenth training ship to be commissioned by the shipping board and will be under the direction of Captain Irving L. Evans.

Artillery Fire Violent; Allies Hold Bridgeheads At Fismes, 2 Other Points

LONDON, Aug. 5.—German losses since July 15, the date when the crown prince began his last drive, were unofficially estimated today at from 300,000 to 350,000, of which 40,000 are prisoners. Allied losses certainly are much less.

The Germans, it was indicated by official and staff dispatches today, may make stronger resistance along the Vesle line than had been expected. Although the Allies have established bridgeheads at Fismes, Bazoches and Jonchery and are moving inward from the flanks north of that line, the French war office reported that elsewhere strong resistance has been encountered above the river. At the same time dispatches from staff correspondents stated boche artillery has opened the most violent fire in the last two days.

The most important geographical objective now immediately before the Allies is the town of Vailly, on the north bank of the Aisne, nine miles east and north of Soissons. It is about two miles east of the junction of the Vesle and Aisne and four miles north of the Vesle. It is the center of a highway system and is on the railway which follows the Aisne from Soissons to Neufchateau.

The German retirement north of Montdidier, on the Picardy front, reported in last night's Paris communique, was made on a front of more than eleven miles between Castel and Mesnil-St. George. It reached a maximum depth of about two miles. It included most of the American sector, as Mesnil-St. George is a mile and a half west of Montdidier and two miles east of Cantigny.

DISCOURAGEMENT SHOWN BY THE GERMANS IN BERLIN

BERNE, Aug. 5.—"The Marne defeat has produced scenes of despair in Berlin," the Tagblatt declares. "Such outbreaks of utter discouragement and downheartedness never before were witnessed."

The Frankische Tage Post deprecates the wild rumors that the Kaiser and von Hindenburg have been assassinated and that von Hindenburg was killed in a duel with the crown prince as betraying the most dangerous nervousness.

The government threatens severe penalties for the ones responsible for spreading these rumors.

GERMAN BIG GUNS ARE ACTIVE IN FLANDERS

LONDON, Aug. 5.—A successful raid near Arras and German artillery activity in Flanders were reported by Field Marshal Haig today.

"We captured a few prisoners last night at Neuville-Vitasse, southeast of Arras," the statement said. "There was enemy artillery firing along the La Basse Canal, at Bethune and at different points between Hazebrouck and Ypres."

W. S. S.

Best French Gets Best Girl-Boys Study Hard

LONDON, Aug. 5.—The army is solving more than one national difficulty. In pre-war days, perhaps owing to our insularity, the English were not what might be called good linguists.

But the army has fixed all that. Its grammar might leave a lot to be desired, but when it comes to making itself understood, the army "gets there."

Practically all of the boys have mastered the essentials of the French language. For instance, they have all learned to say "Bonne soir, mam'selle, voulez-vous promener avec moi?"

To keep their linguistic accomplishments up to the mark the Americans have joined them, and new phrases have to be adopted.

"Guess I've got you trimmed," says the Yankee, as he walks off arm in arm with "mam'selle" to teach her "American."

"Oui, monsieur, mais you are certainly 'stung,'" chirrups the Belgian maid.

And thus the English Tommies and American doughboys find that the man who can get away with the best French also can get away with the best girl—and competition is keen.

W. S. S.

NEW CATTLE SALE PRICE PORTERVILLE, Aug. 5.—What is said by well informed cattle men here to be a new record for range cattle was established in the sale by Charles Gill, the Tulare county cattle king, of a grass steer for \$220. The animal weighed 1900 pounds, and by reason of its fine condition brought a high price per pound.

W. S. S.

BEGIN BEAN HARVEST AT OXNARD VERY SOON

OXNARD, Aug. 5.—Threshing of the small beans in the hill sections of the country will begin in a short time. The beans, which have been cut, are drying rapidly in the present warm weather. Ted Scull and Ed Gordon are among the first ranchers in this vicinity to cut Lady Washington beans. They cut the past week. Gordon says that the worms did some damage in his fields, but that the average crop will be good.

BRITISH FLYERS DAMAGE ENEMY PALACE AND WAR PLANT

Portions of Railway Stations at Stuttgart and Coblenz Are Destroyed

ZURICH, Aug. 5.—British air raids on Stuttgart and Coblenz last Thursday were the most destructive ever made, a press dispatch said today. Large portions of the railway stations were destroyed and traffic was seriously interrupted. At Stuttgart, the royal palace was damaged while at Coblenz an ammunition factory was partially destroyed.

WITH THE FRENCH ARMIES AFIELD, Aug. 5. (2:30 p. m.)—German resistance is stiffening all along the Vesle.

French patrols which crossed at several points bearing machine guns and large supplies of grenades reported there are indications that the enemy still has large forces on the river. The Germans are employing artillery freely against the Allied troops.

Muizon, five miles west of Rheims, was hotly disputed but the Germans were pushed back when the Allies threw full forces across the river there.

Violent fighting occurred at Vauter farm and near Rheims, but the Germans gained no advantage.

The French artillery heavily shelled a concentration of Germans three miles northwest of Rheims.

14 MISSING IN SINKING OF OIL TANKER

Thirty Survivors Have Reached Norfolk, the Navy Department Announces

WASHINGTON, Aug. 5.—Thirty survivors of the tanker O. B. Jennings, sunk Sunday about 100 miles off the Virginia coast by a U-boat, have reached Norfolk, the Navy Department announced today. The captain and thirteen men are still missing.

W. S. S.

BOYS, 13 AND 14, ON WAY TO GET KAISER

SANTA MONICA, Cal., Aug. 5.—Wilbur and Elmer Potts, aged 13 and 14 years, are on their way to Berlin today.

Last Friday they started, driving the family buggy horse. They told boy friends they had decided to get the Kaiser. Their parents have started a search but the boys seem to be advancing steadily for today they still were missing.

W. S. S.

WILL CUT OUT GERMAN PROPAGANDA IN SONGS

VISALIA, Aug. 5.—Any German propaganda which may be lurking in the song books in use in California schools, will be torn out by the roots, according to Charles A. Whitmore, local newspaper man, member of the State Board of Education. On request of Whitmore, a special meeting of the officials has been called, to be held at San Francisco, at which discussion of the subject matter in the song books will be held.

W. S. S.

SEARCHERS UNABLE TO LOCATE BODIES

LOS ANGELES, Aug. 5.—Searchers dragging the Wilmington channel today so far had failed to recover the bodies of Davy and Arthur Lindstrom, brothers, aged 10 and 11 years respectively, who were drowned yesterday. A raft on which the boys were paddling in the channel was drawn down in an eddy and both boys were drowned. Their parents live at Terminal Island.

BULLETINS

SAN DIEGO WAS SUNK BY MINE, SAYS COURT

WASHINGTON, Aug. 5.—The U. S. S. San Diego was sunk by a mine in the opinion of the court of inquiry which investigated the sinking, Secretary Daniels announced today. The captain and crew were cleared of any suspicion of inefficiency.

LAST OF CLASS 1 MEN WILL LEAVE IN AUGUST

SACRAMENTO, Aug. 5.—Adjutant General Borree today announced the local board quotas for the state allotment of 2375 men to be sent to Camp Lewis beginning August 26. This draft will exhaust the 1917 Class 1 class, according to General Borree. Many of the boards already have exhausted their 1917 supply and consequently will not contribute to the entrainment. The next call will draw from 1918 registrants.

The quota for the August 26 entrainment from Orange county will be 33 and from San Bernardino county, 64.

BONE DRY AMENDMENT WILL GO ON THE BALLOT

SACRAMENTO, Aug. 5.—Seventy thousand signatures calling for the placing of a bone dry amendment on the ballot in November have been filed with the secretary of state, it was announced today. This practically assures a place on the ballot for the amendment, as only 74,136 are needed.

CHARGE AGAINST FUQUA WAS DISMISSED TODAY

LOS ANGELES, Aug. 5.—Justice Hinshaw today dismissed the case against I. W. Fuqua, manager of the California Petroleum Company, charged with making a false report on drilling operations in the Montebello oil field. The case had been on trial about a week.

SUBMARINE CHASER SUNK IN COLLISION

WASHINGTON, Aug. 5.—Submarine chaser No. 187 was sunk last night near Hog Island, in a collision with another vessel, the Navy Department announced today. The crew was rescued.

116 MISSING IN AMBULANCE TRANSPORT SINKING

LONDON, Aug. 5.—The ambulance transport Warilda was torpedoed and sunk Saturday while homeward bound and 116 persons are missing, the admiralty announced today.

W. S. S.

'HEAD GIMPER' OF AIR SQUADRON INTERVIEWED IN FRANCE

Lieut. Eddie Rickenbacker, American Ace, Tells How 'Gimpers' Are Made

(Copyright 1918 by the United Press.) WITH THE AMERICAN ARMY IN FRANCE, July 10.—(By Mail.)—"Do you want some gimper talk?" said Lieut. Eddie Rickenbacker, all-American ace and former speed king in the auto racing world today.

"We'll call a bunch of the gimpers in and there will soon be plenty of gimper talk, but you'll have to translate it or the people back home will never understand this aviation dialect we have developed over here."

Rickenbacker, who downed his five Germans in less than two months and became the second all-American trained ace, is a tall, strapping chap, with a fine sense of humor and a winning smile. In his escadrille they call him "head gimper," just because he is naturally a leader and the life of the unit. The escadrille is known as the "gimper squadron" and was the first group of American trained air fighters to take the field or the air rather, away from the German air men.

"A gimper is a man who would stick by you through anything," explained Rickenbacker. "If you were in the air and ran into a dozen boches and were getting the worst of it, perhaps, and the fellow with you stuck with you and gave it to them until the machines went back into Hunland, you'd know he was a gimper."

"If he didn't have motor trouble, and his gun didn't jam or he didn't accept any of a dozen good excuses for running off home and leaving you to do the same if you could get away he'd be a gimper all right. A gimper is a scout who does everything just a little better than he has to."

"We call this the gimper squadron because everyone has to prove himself a gimper by his actions. When a chap arrives he's an egg. All good eggs soon become veterans and then they're promoted to coopster standing. Then is when they have to prove themselves gimpers and they'll be gimpers just as long as they make good. A man who isn't a gimper can't stay with the squadron—it's soon for him back to the woods."

"Gimper means a lot to us. It means more than good scout or old pal or comrade. I got the word from a mechanic I had when I was in the rushing game. He was a gimper and I knew when he finished with a motor she would run. In this man's life there were two kinds of people, gim-

pers and bums. There were mighty few gimpers in the world as this man put it and it took a mighty good man to be a gimper.

"This pursuit and fighting part of aviation requires type of aviator who will stick, especially the way we fly in groups. To do your best work you must have a mutual feeling of confidence in the gimper flying beside you, that is unequalled anywhere else. If you have a gimper with you you know he won't make a mistake in judgment or lose his nerve at the critical time. A gimper couldn't do that—if he lost his nerve just once he'd never be a gimper again. We all know that and the gimper never loses his nerve."

"I don't mean a gimper will always break into a crowd of Huns no matter what their number. A good gimper knows when to fight and when not to fight. If he hasn't a chance he draws off, flies around until he gets his altitude and then drops on the Heinies. A gimper doesn't need to be foolhardy. He watches his chance but never gives up when another gimper is being strafed.

"When you're flying around up there, over Germany and being followed by a string of black puffs from the German machines and hear them exploding around you and see some German planes off to one side of you it is the easiest thing in the world to pretend you don't see them and keep straight ahead until you lose them. Usually the Germans are willing to do that too, unless you attack them. But a gimper never lets himself fall to see them. He maneuvers around until he can pique on them and let them have it until they run home. Then he's satisfied he's a gimper."

JOINING MARINES IS COLLEGE VACATION IDEA

WASHINGTON, Aug. 5.—With universities and colleges throughout the country closed for the summer, college men have been enlisting in the marine corps in large numbers. The reason for the increase of college men in the marine corps at this time is accredited to the fact that many of the men just coming of age wished to finish the college year, while the older men, finding themselves within a few weeks of obtaining their degrees, waited so they might have the added advantage of a thorough education.

By arrangement with college authorities, marine corps recruiting parties visited many of the principal universities and colleges just before commencement.

Since the marine corps draws all its officers from the ranks, enlistment requirements are of the highest. For this reason the sea-soldier service attracts the college man. He readily sees that he will be one of many picked men and have every opportunity to use his brains as well as his muscle.

Training in the marine corps is not only intensive but is highly individual and recruits are enabled to push ahead just as fast as they are capable of mastering the work.

The call for aviators for the marine reserve flying corps has met with immediate response. This, the youngest branch of the marine corps, has a special appeal to the athletic college men who want plenty of action and adventure.

CAN TELL A TIGHTWAD BY LOOK AT HIS FACE

LONDON, Aug. 5.—Flag-day promoters for the thousand-and-one war charities of England have ascertained that their best flag sellers are proficient students of physiognomy. As one day in three is a tag day for some charity or another, the girls who station themselves at the busiest street corners to nab all comers make it a rule not to tackle persons who look as though they won't come through.

According to one of the most successful taggers, the man with a frown isn't necessarily a tightwad or hard to approach. On the other hand the man with a stock smile may have a faint something in his expression to betray him as a nickel-pincher and therefore not worth button-holing for a small contribution.

The promoters deny that the tag sellers are becoming timid. On the contrary, they have reached the tag selling business to a science, and no longer waste time and effort on people who, their knowledge of faces tells them, can't be persuaded to come across.

WOMEN ARE NEEDED TO HELP IN WAR.

Women can be usefully employed in nursing the wounded, in making up the soldiers' kits, and a thousand other ways. Many American women are weak, pale or anemic from womanhood; for women at the critical time; nursing mothers and every woman who is "run-down," tired or over-worked—Doctor Pierce's Favorite Prescription is a special, safe and certain help. It can now be had in tablet form. It is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. It's not a secret prescription for its ingredients are printed on wrapper. Send 10 cents for trial package to Dr. V. M. Pierce, Buffalo, N. Y.

SAN FRANCISCO, CAL.—"I was all run-down, caused from over-work, I suffered from displacement, was nervous, tired, languid all the time, and had a dragging down feeling, headache and backache. My sister told me how Dr. Pierce's Favorite Prescription had helped her, so I took six bottles and was then so well I am glad to recommend it to others."—Mrs. H. E. Gibson.

SOBELLA, OREGON.—"I have suffered everything during expectancy, but the last time I took Doctor Pierce's Favorite Prescription I never missed a meal, and had comparatively no suffering. I would surely recommend the 'Prescription' to all prospective mothers and, also, for young girls coming into womanhood. A friend is taking this medicine now as I advised her to do and she is improving fast. One would not know it was the same woman."—Mrs. H. E. Gibson.

United States Casualties

WASHINGTON, Aug. 5.—American casualties from the great Franco-American offensive have begun to pour into the war department. The names of four hundred and seven were made public today. In addition, 299 will be ready at 1 p. m. for release to morning papers tomorrow. Many more names, it was said, have reached the war department but their publication is awaiting the customary fifteen hours' notice to relatives.

With a total of 706 names announced today or ready for announcement, the casualty list today showed that the country must steel itself for the great losses suffered thus far in the war.

The early list was divided as follows:

Killed in action 203; died of wounds 37; died of disease 9; died of airplane accident 1; died of accidents and other causes 6; wounded severely 48; wounded, degree undetermined, 100; missing in action 3. The list follows:

Killed in Action
Lieutenant Colonel J. M. Craig, No. 621 Clayton street, San Francisco; Captain W. H. Worthington, Lancaster, Pa.; Lieutenants G. R. Anderson, Ardmore, Okla.; E. A. Billings, Portland, Me.; J. M. Duncan, Terre Haute, Ind.; P. C. Gilson, Carthage, N. Y.; G. G. Hall, Haverhill, Mass.; G. W. Riley, Lawrence, Mass.; L. A. Wood, Portland, Ore.; Sergeants F. J. Brown, Englewood, N. J.; E. Connor, Quaker City, O.; C. B. Davis, Petersburg, Va.; R. C. Davis, Harrison, Mich.; H. Ireland, Philadelphia, Pa.; A. F. Johnson, Menomonee, Ill.; F. A. Kline, Akron, O.; C. A. McDougal, Aberdeen, N. C.; L. I. Powers, Syracuse, N. Y.; J. A. Payne, Pleasant View, Ky.; H. M. Wallace, Guessetta, Ala.; J. I. Wolf, Duquesne, Iowa; H. C. Wolverton, Breckenridge, Mich.; Corporals H. F. Bernard, San Diego, Cal.; A. P. Blake, Providence, R. I.; J. C. Carmody, Poughkeepsie, N. Y.; E. Crabb, London, O.; B. M. Darby, North Bend, Pa.; N. Davis, Mount Carmel, Pa.; C. R. Goodrich, Philadelphia, Pa.; N. E. Hillabrand, Assumption, Ill.; E. Hirst, New Bedford, Mass.; C. H. Horton, Robert, La.; J. T. Jones, Knoxville, Tenn.; R. W. King, Troy, Ala.; F. Drabowski, Philadelphia, Ky.; L. T. Lassbrook, Mass.; N. A. McAllister, Mount Pleasant, N. C.; C. D. Kennedy, Newton, Mass.; W. R. Miller, New London, Conn.; W. W. Mitchell, Edna, Cal.; L. Phillips, Pikesville, Ky.; S. G. Rain, Selma, Mo.; A. L. Riley, Ozark, Ky.; W. Sanford, Morrisville, Pa.; N. Severson, Seattle, Wash.; G. D. Sheridan, Sherwood, Tenn.; A. M. Skatz, Delaware, O.; G. L. Slagle, Crosby, Wyo.; H. H. Smith, Spring Valley, Minn.; J. Sparagowski, Toledo, O.; A. Stafankoff, Philadelphia, Pa.; A. G. Beattie, Barr, Mont.; O. Don't throw them Away! Have them REPAIRED

It isn't in line with America's program of conservation to throw shoes away before getting every atom of wear out of them. Millions of dollars are unnecessarily wasted in that way and leather prices are consequently boosted by the same process.

There is a shortage of leather and has been for some time. An almost unbelievable quantity is consumed by our fighting men. You can give Uncle Sam a lift by having your old shoes repaired.

WE REPAIR SHOES BY THE GOODYEAR SYSTEM

Put your footwear in ship shape order for fall. We'll demonstrate that it's unnecessary to buy new shoes.

HUNS WOULDN'T TELL WHO WAS TO BE SHOT

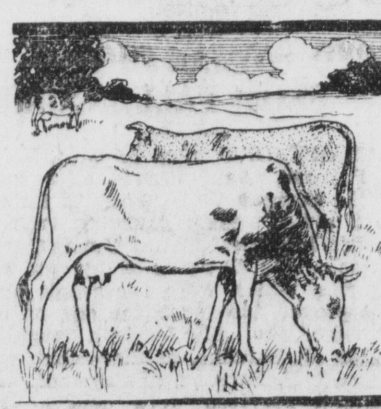

LONDON, Aug. 5.—The "Ame Belge," mysterious little Belgian paper which the German government in Belgium repeatedly has tried to suppress, continues to make its appearance.

A recent copy of the paper, which is published secretly, received here, contains a story of another instance of Hun brutality.

Of nineteen Belgians tried at Charleroi on a charge of furnishing information to the Allies, six were sentenced to be shot.

Families of the entire nineteen were summoned and told that six of the nineteen would be executed but the officials refused to state which were to be the victims.

"The sentence was not even made known to the nineteen," stated the "Ame Belge." "In vain did their families beg and implore the Germans to tell; they were allowed to visit the prisoners, and they wept and lamented. The bitter truth would be easier than this agonizing uncertainty."

TRUCK DRIVER IS WILLITS WAS IN EXONERATED AT ENGINE ROOM INQUEST SAN DIEGO

Returns Verdict That Mexican Boy Sustained Injuries by Accident

Santa Ana Boy Writes Parents of His Experiences on Sinking Ship

A coroner's jury Saturday afternoon exonerated Andy Luxembourg, driver of a Union Oil tank wagon, from blame in connection with the injuries and death of Wenceslao Armandariz, who died at the county hospital Friday night as the result of injuries sustained when he fell under the wheels of the truck driven by Luxembourg.

The father of the lad, in testifying at the inquest, declared that his boy had told him at the hospital that he had asked permission of Luxembourg to hang onto the side of the truck.

Luxembourg said that he did not know the boy was hanging to the truck while riding his bicycle, and Dr. Zaiser, in giving testimony as to the injuries and condition of the boy, said that the lad was semi-conscious at times and talked in a rambling way. When asked by Dr. Zaiser if he knew how he was injured, the lad replied that he did not.

It developed at the inquest that the Union Oil company has stringent rules against its employees permitting anyone to ride with them on trucks or even to permit them to tow a disabled machine. It is a big corporation and is taking no chances on being made defendant in damage suits.

Other witnesses were Philip La-londe, who saw the boy riding on his wheel by the side of the truck, with one hand holding on to the truck; A. T. Waggener, an employee of the Union, who also saw the boy by the side of the truck; A. H. Paterson, district manager of the company.

The jury was composed of Clinton Imes, H. D. Kennedy, H. M. Sweetzer, Walter Williams, J. L. Wiseman and J. A. Fisher.

Attorney G. H. Scott represented the family at the inquest and Rev. Gonzales acted as interpreter.

The funeral was held today at the Methodist Spanish mission on East First.

WHOLE STAFF ENLISTED IN FIRST MONTH OF WAR

LONDON, Aug. 5.—"No Need for a Comb-Out Here. Our Whole Staff Enlisted in the First Month of the War."

Thus reads a sign on a Canadian land-office in Whitehall—the street where the government departments are housed and where, according to the Northcliffe papers, civil service employees have been sheltered in official funk-holes.

However, Northcliffe is rough with the civil-servants. Many of them want to go to war and have tried repeatedly to enlist, but have not been permitted to leave their jobs.

"STUMEZE" TABLETS! DON'T LET STOMACH HURT TWICE!--HERE'S MAGIC!

Get a Two Bit Box of "STUMEZE" for Your Bad Stomach.

Good bye, sour, belching, upset, sick, out-of-order stomach! Good

bye, dyspepsia and indigestion! No more passing up good things to eat, no more bad breath and dark brown taste in mouth, no more pain or distress after eating. STUMEZE, the wonder working tablets for stomach ills, act right off in a jiffy! Makes your stomach sweet and fresh as a daisy. Try them. Money back if they fail. At all drug stores. 25c.

Can all food that can be canned

To save vegetables and fruits this year is a patriotic duty. The war makes the need for food conservation more imperative than at any time in history. America is responsible for the food supply of her European Allies. The American family can do nothing more helpful in this emergency than to Can All Food That Can Be Canned. In this way the abundance of the summer may be made to supply the needs of the winter.

In order to assist the public in this patriotic duty the U. S. Government through its National War Garden Commission has issued a Manual giving complete information as to the best methods to use for Home Canning, for Blanching, Cold-Dipping, Sterilizing, Drying and Packing and tells how best to treat each article separately, together with numerous illustrations written in the usual concise manner the Government sends out its bulletins.

We have purchased a limited number of this valuable pamphlet, which we are offering to the public FREE.

Anyone calling at our office at 501 North Sycamore street will be given a copy as long as they last.

CHANGE IN THRIFT STAMPS MISTAKE

NATIVE OF FULLERTON WOUNDED IN BATTLE

FULLERTON, Aug. 5.—Albert E. Clark, brother of Miss Norma Clark, of the Vogue Shoppe of this city, was seriously wounded in action on July 20, according to a telegram from Washington. No further particulars have been received.

Clark enlisted in the heavy artillery at Los Angeles immediately after this country entered the war and has been in France about two months.

Fullerton was the birthplace of this gallant soldier boy and he is about 28 years of age. His father, Edward Clark, was the first teacher of a Fullerton public school. When young Clark was about 7 years of age the family moved to Los Angeles. Much of the young man's time was spent in Fullerton and he often worked for his uncle, A. V. Smith, of South Raymond avenue.

SUNDAY CLOSING LAW PARTIALLY OBSERVED

LOS ANGELES, Aug. 5.—What will happen to the Los Angeles Sunday closing law was the big question among merchants today.

Yesterday passed with many retail stores, closed under the ordinance, still doing business as usual. The law was but partially observed.

The police had orders to make no arrests but to file written reports of violations. No reports were filed.

News from the Courts

FIGHTING AGAINST PROPOSED RAISE IN BAIL FOR ELLIOTT

This morning when District Attorney West asked Judge Thomas to order the bail required of Benjamin W. (Walking) Elliott from \$1,000 to \$5,000 a vigorous protest against the raise was put in by Attorney Clyde Bishop for Elliott.

"This motion only aims at keeping this man in jail," declared Bishop, "and he has a right to be out of jail if he can raise an adequate, not an exorbitant bail."

"This motion is not made for the purpose of keeping this man in jail," retorted West. "It is made because \$1,000 is not enough bail to be required in any case in which an officer's life has been sought by a man he went lawfully to arrest."

"This man Elliott, after the unfortunate affair in which Eugene Young was shot, remained in his room, and said he would give himself up to officers from Santa Ana," said Bishop.

"Has any man whose arrest is sought any right to choose the officer who shall arrest him?" asked Judge Thomas.

"No, and I do not make that contention," replied Bishop. "I say that the evidence in this case shows a state of facts under which no heavy bail need be required. It is true that Constable Ashley went to this man's room, but he went there with a man who was in the hallway when Eugene Young was shot and who went downstairs, got a gun and asked Ashley to deputize him so he could return as an officer to seek Elliott."

W. S. S.

Judge Thomas said that this afternoon he would look over the transcript of the evidence taken at the preliminary examination, and reach an early decision.

Elliott is the La Habra man who fatally shot Eugene Young when Young was breaking into his room to make Elliott kiss the flag. When Constable Ashley went to the place to arrest Elliott, shots were exchanged, and Elliott is awaiting trial on a charge of assault with a deadly weapon upon Ashley. After the shooting with Ashley, Motorcycle Officer Carr arrived from Santa Ana and to him Elliott surrendered.

W. S. S.

SAYS CLOTHES STOLEN.

Ramon Castillos, who lives here, caused the arrest of Pablo Sigala, who has been at work on a hay baler at San Mateo, on a charge of stealing a coat from Castillo's room. Sigala pleaded not guilty and trial was set for August 23.

ARTICLES ARE FILED.

Articles of incorporation have been filed by the United Concrete Pipe Co., of Fullerton; directors, B. J. Ukropina and Steve Kral of Fullerton and J. L. Milich of Oxnard; capital stock, \$25,000.

BITRO-PHOSPHATE

Doubles the strength of weak, delicate, nervous people in two weeks' time in many instances. It is the chemically pure form of phosphate naturally found in brain and nerve cells. Now supplied by druggists in tablets under guarantee of money back if not satisfied. Get BITRO-Phosphate. There are other "phosphates" but not in brain and nerve cells. BITRO-Phosphate is the true, vital material which

Increases Strength

THEFTS OF HAY ARE REPORTED FREQUENT

A number of ranchers to the south and southwest have reported frequent raids made upon haystacks.

While most of the larcenists have gotten away with the goods, there have been some cases in which arrests have been made. Today C. F. Heil swore to a complaint charging Andres Gallegas with stealing 150 pounds of hay. Some boys saw the Mexican in Heil's field, and the theft was traced with the result that Gallegas was arrested.

Two boys caught taking hay from S. E. Talbert's ranch at Paulmarino were before Judge Thomas this morning, and their cases were continued until September 3.

CHARGES RECKLESSNESS.

Motorcycle Officer Carr has sworn to a complaint charging J. M. Fursie with reckless driving of an automobile near Irvine.

W. S. S.

ANAHEIM WOMAN PAYS FINE OF \$250 TODAY

Mrs. Mary Ziegler of Anaheim today paid a fine of \$250 in the federal court in Los Angeles, after she had pleaded guilty to a charge of sending a defamatory letter through the United States mail. The charge was brought by federal officers. It was alleged that she sent unfit letters to R. W. Ernest, owner of the Anaheim Plain Dealer, at about the time that Mrs. Ziegler was arrested after she had scratched the face of Paul Hester, editor of Ernest's paper. Mrs. Ziegler is the wife of the proprietor of the Valencia Hotel.

Charges of disturbance of the peace brought here by Hester were dismissed recently after she had signed an apology to Hester. It is declared that Mrs. Ziegler attacked Ernest by mail and Hester with her fingernails because she was angered over the activities of the Plain Dealer in a wet and dry fight.

W. S. S.

ILLEGITIMATE CHILD

PROTECTED IN NORWAY

CHRISTIANIA, Aug. 5.—Norway has decided on the square deal for illegitimate children.

Laws recently enacted give "complete national recognition" to the child born out of wedlock. In doing so, Norway takes the lead among modern nations.

The legislation establishes the responsibility of the state in providing for the "nurture, protection and education" of illegitimate children.

The state henceforth will hold both parents "equally and continuously responsible" the child to be entitled to bringing up, maintenance, training and education—from both father and mother.

The new attitude thus established is that the child welfare problem must be solved for the sake of the child and the state.

DECISION HINGES IN BIRCH CASE ON OPTION UPON STOCK

Today a copy of the decision rendered a month ago in the Birch Oil case in which former stockholders of the Menges Oil Co. endeavored to get judgment against A. Otis Birch, alleging that he withheld information from them, was filed with the county clerk here. As announced at the time of the decision, the upper court sustains Judge Thomas in sustaining a demurrer entered in the case by Birch's attorneys.

The decision reviews the allegations made by the plaintiff, J. D. Thomas, who was one of a number of former Menges stockholders. It is set forth that the plaintiffs allege Birch got options on their stock at a time that he knew the drillers were in rich oil sand and that fraud was practiced upon them to get the options. Demurrer was upon the ground that after knowledge of the alleged fraud was secured the plaintiffs did not bring suit within the time allowed by law. In the Thomas case, the upper court points out that Thomas could not sue because his suspicions were aroused before Birch had exercised his option and during a period in which Thomas could have protected himself against the alleged fraud by cancelling the option he had given to Birch.

It was declared that Thomas allowed the option to be exercised, that his remedy was in cancelling the option rather than in waiting until some other time for bringing action.

CHACON DECLARES HE

WAS HELD UP FOR \$15

Declaring he had been victimized by a fake officer, Petronilo C. Chacon, who said he lived on Fifth street, Santa Ana, went to detectives in Los Angeles. He said that he and his son, Jose, and some others were at the S. P. station in Los Angeles yesterday when a Mexican in uniform came along and inspected their tickets. He said he was there to catch draft evaders, and told them that a "pass fee" of \$15 would be required. Chacon says he paid the man \$15, and after thinking it over concluded there was something wrong with the deal. The swindler pinned an old baggage check to Chacon's ticket.

W. S. S.

TO HELP SWINE INDUSTRY

Helpful Hints to Hog Raisers is the title of a circular just issued by the Agricultural Experiment Station of the University of California. This publication comes close upon the announcement of an agreement between the United States Food Administration and the packers of the Pacific Coast States, whereby the average price of packing hogs bought at terminal points in California, Washington and Oregon will not be less than one cent under the Food Administration minimum, effective on the Chicago market (such Chicago minimum now being \$15.50 a hundred.)

The prices of market hogs being thus stabilized it is expected that regular producers will bend every effort to increase their stock, while the opportunity to utilize the waste on the farm by raising pigs, and then selling at a satisfactory profit, will interest many who have had little or no experience in raising and marketing hogs.

RAH FOR CUBA!

Cuba is not confining her participation in the war to mere good will and indirect help. She is determined to be an active participant, on a self-respecting basis, playing her part according to her ability.

The little island has already helped the allied cause appreciably by her contribution of ships. Her people have given liberally to the Red Cross, and her congress recently voted \$2,500,000 from national funds to be distributed among the Red Cross organizations of the United States, Great Britain, France, Belgium and Italy. She has equipped a hospital unit including 100 doctors and nurses. She has bought Liberty Bonds and co-operated in every possible way industrially and commercially. She intends to spend, the coming year, nearly \$60,000,000 for war purposes.

It is now decided that Cuba will actually be represented by an army in France. It will be a small one, but important none the less, because it will be the first Latin-American contingent sent to Europe. One regiment from the regular army will soon be dispatched, and other units, made up of volunteers, will be sent if they are needed. If the struggle continues, Cuba may eventually send as many as 100,000 men, which would mean more to her than 4,000,000 men mean to us.

And this, as Cuban spokesmen explain is almost wholly due to gratitude and appreciation for what the United States has done for Cuba. Prussian statesmen, who could never understand why we were so "foolish" as to free Cuba and leave her free, cannot be expected to understand this. Formerly we were fools. Now, they are convinced, the Cubans are fools.

WHAT STEPHENS STANDS FOR

Throughout his public career, Governor Stephens has been a consistent and vigilant supporter of the following policies:

Initiative, Referendum and Recall.
Direct Primary, Short Ballot, Non-Partisan Judiciary, Presidential Primary, Election of U. S. Senators by Popular Vote and Civil Service.
Government Ownership and Operation of a line of Steamers between Pacific Coast and Atlantic seaports, via Panama Canal.
Workmen's Compensation Insurance and Safety Act; Full Train Crews; Free Employment Agencies; Sanitation of Factories and Workshops.
Minimum Wage for Women; Eight-hour Law; Mother's Pension; Child Labor Protection Laws; Child Welfare.

Teachers' Pensions; Free Text Books; Higher Wage Schedule for Teachers in Public Schools.
Railroad Commission; Blue Sky Law; Rural Credits; Flood Control; Utilization of Water Resources; Development of Hydro-Electric Power.

Red Light Abatement Act; Penal Reforms; Abolishment of Saloon; Ratification of National Prohibition Amendment.

National Suffrage for Women. Governor Stephens was the first man in California to undertake a speaking campaign in behalf of equal suffrage.

Preparedness. As a member of Congress, he championed every measure that had for its purpose the preparing of this country against the possibility of war.

Land Settlement Act; Constructive Program for Returned Soldiers; Retrenchment and Economy Without Impairment of Efficiency of Governmental Agencies.

WHOLLY ARTISTIC

They've put patriotic posters upon Grant's tomb, the Washington arch and other historic structures, and the art societies down east are weeping in chagrin over the alleged defacement.

Some people are perfectly miserable when they haven't something to be miserable about. If Grant could be heard, he certainly would cheer on use of his tomb or anything else of his in helping to win this war. Tombs, monuments, churches and such are very appropriate places for war posters, when civilization is at stake.

Observe what the Germans do to tombs, monuments and churches.

The war poster on a historic structure may offend the artistic sense, but if we don't suspend all our highfalutin senses for a time, we're likely to have all our senses shot out of us. We guess that those art societies are so darned artistic that they weep over defacement of tombs and then go home and refuse to live on war bread and two pounds of sugar the month. Some folks' patriotism is no hotter than that.

DISGUSTED WILHELM

The memoirs of Dr. Arthur Davis, the Kaiser's American dentist, add much to our understanding of the Prussian autocrat.

"All my efforts to show my friendship for America—exchanging professors with your colleges, sending my brother to your country—all, all for nothing!" Wilhelm complained bitterly, when America entered the war.

"What has become of those rich Americans who used to visit me in their yachts at Kiel?" he continued "and come to my entertainments in Berlin? Do they think I put myself out to entertain them because I loved them? I am disgusted with the whole Anglo-Saxon race."

Alongside this illuminating utterance may be placed another remark made to Dr. Davis shortly after the war began:

"This is America's great opportunity to domi-

nate the western hemisphere and your president must see his chance to take Canada and Mexico."

Poor crude crooked-souled Kaiser! Always scheming himself, always acting from motives of deliberate self-interest even when appearing magnanimous, and utterly unable to imagine any other statesman or nation as any more honest, friendly and idealistic than himself and his satellites!

We rejoice that such a man as Wilhelm proves himself to be "disgusted with the Anglo-Saxon race." He cannot be half so disgusted with it as we are with him and his satellites.

EXPEDIENCY

Admiral von Holtzendorff, chief of the German admiralty, explains to the Cologne Gazette that the reason why the U-boats are not sinking American troopships is that it is "inexpedient" to do so. It is the submarine destroyers and armed convoys which make it inexpedient for the U-boats to lurk about the ports, says the chief. Of course the U-boats are still supreme and afraid of nothing.

When a burglar sees a policeman pacing up and down the street where he is just about to break into a house, the burglar usually thinks it expedient to slip out of sight and defer his burglary. He is not afraid of the law, of course, and he is in no danger, and he was absolutely successful on the occasion mentioned but it just wasn't expedient to stay there.

The German chiefs are welcome to all the expedient and evasive explanations they can think up. Meantime, the American forces in Europe grow, and allied success grows with them.

The Fourth Liberty Loan

From the Advertising Age

The House of Representatives gave just one hour's consideration to the Fourth Liberty Loan Bond bill, which gives the Secretary of the Treasury authority to issue \$8,000,000,000 more Liberty Bonds, which will be offered to the country for subscription in October or November. The law-makers knew that the money must be raised, and they did not dispute over the bill, but passed it in short order. With this amount authorized the warring powers will have war debts approximately as follows:

	War Debts.	the War
United States	\$24,000,000,000	\$ 973,000,000
Great Britain	37,000,000,000	3,000,000,000
France	29,500,000,000	6,000,000,000
Germany	34,700,000,000	2,200,000,000
Italy (partly estimated)	7,500,000,000	1,200,000,000

It will be seen that the United States, which has been in the war less than one and a half years, while England, France and Germany have been at it for almost four years, is piling up her national debt faster than the others. One reason for that is we are forced to speed the war preparations and provide the war machinery at a rate none of the other nations is now capable of and also because it costs more to finance a war fought more than 3,000 miles away, than one where the belligerent governments and people are near the scene of the strife. We are expending on this war, according to treasury figures, \$50,000,000 every twenty-four hours, or at the rate of \$1,000,000,000 every twenty days. Since the war began four years ago 43,000,000 men have been put under arms either in the armies or navies of the fighting nations while 8,700,000 men have been killed or died of wounds and disease. In all probability before the last battle is fought 10,000,000 soldiers will have been put into premature graves or their bones left on the battlefields or return cripples. How many civilians, innocent non-combatants, men, women and children, have died can only be estimated, but the number must reach into the hundreds of thousands.

The brain reels and the imagination is challenged by the figures and every one asks instinctively: How much longer can this possibly last? At the end of each Liberty Loan campaign men and women say, Well, we simply cannot stand another call of this kind, but when the next loan period comes around we somehow manage to buy again and would feel shame-faced and mean and low had we held aloof. The first Liberty Loan brought in \$1,986,595,200 from 4,500,000 purchasers; 9,500,000 persons participated in the Second Liberty Loan, which realized \$3,808,766,150, and there were 17,000,000 individual subscribers to the Third Liberty Loan, the total of which was \$4,170,019,650. Congressman Nicholas Longworth, of Ohio, in the House of Representatives the other day predicted that 30,000,000 Americans will subscribe to the Fourth Liberty Loan. We do not doubt it, because there are more than that number of Americans who are ready and willing to subscribe every dollar they possess or ever hope to have, to bring victory in this most righteous war we are waging. Whatever the price, we are prepared to pay it.

Bud Flivver's Observations

*** I got another letter—From Bell and Winifred—And they thank me—For telling them—How old a girl should be—When she does—

*** And I don't know—Whether they thanked me—Because they are—Past twenty-three—And feel safe—

*** Or whether they—Are young little gossings—And mean to—Ta ke my advice—Or something—

*** And now they say—They are annoyed—By a young guy—And they ask me—What should they do—

*** And how do I know—What they should do—And anyhow—I am not the officer—For the prevention—Of cruelty to animals—

*** And I have never—Seen either one—Of the girls—Or women—Or children—Or whatever you are—That I know of—

*** And maybe he annoys you—Because you are so young—You can't take care of yourselves—And if so—Your parents—Should stop him—

*** And maybe it's because—You are good looking—And he is weak—And has lost his head—And gone bugs about you—

*** And it might be—That you are rich—And he wants to—Get one of you—Before the soldiers get back—And take their pick—

*** And how does he annoy you?—Does he follow you around?—And if he does—Maybe the brute—Is hungry—

*** And one time—A mongrel dog—Followed me home—And I gave him—Some biscuits—And after that—I couldn't—Drive him away—

*** But my mother—Made those biscuits—And they were good—And the cur—Seemed to like them—And kept hanging around—

*** And it might be different—If you made the biscuits—And he might be glad—To stay away—And let you alone—

*** And if you will—Send me his name—I'll write him a letter—And ask him—Why don't he go to war—Or go to work—And pass up—The female of the species—By Bud.

OUTBURSTS OF EVERETT TRUE

Political Announcements

Attorney John Clarkson, 518 South Sycamore street, whose law office is at 107 1/2 West Fourth street, Santa Ana, is a candidate at the primary election August 17, for the office of Justice of the Peace of Santa Ana township.

In becoming a candidate for this office, he states that all judicial officers should be filled by attorneys-at-law, also, that next to the office of judge of the superior court of Orange county, the justice of the peace of Santa Ana, it being the county seat, is the most important office in the county.

Further, Mr. Clarkson states: That the law of California requires that judges of the superior courts and justices of the peace in cities of the first to fourth class, shall be attorneys-at-law, licensed to practice in California.

That justice court business in Santa Ana, is of just as much importance as justice court business in Los Angeles, and it is equally as necessary that Santa Ana's justice be an attorney at law.

That Santa Ana has outgrown the rural class, and has a great deal of justice court business, and that it would be economy to the public and to litigants that their justice court business be decided, in the first instance, by a judge who is an attorney-at-law, and they thereby saved the expense of appealing to the superior court in order to have their cases decided by a judge, who is an attorney, and one who, in jury trials, can and must instruct the jury what is the law in the action which they are trying.

That in justice court actions, from the standpoint of justice to the poor man, the man who is financially unable to appeal, THE JUSTICE COURT IS HIS ONLY COURT.

Mr. Clarkson states that if selected he will conduct his justice court in the same manner as the superior court, giving unto every man a fair and impartial trial and a decision according to the law; that in jury trials he will instruct the jury what is the law in the action which they are trying; that he will enforce all the laws of the state by adequate punishment for the violation thereof, and with the object and purpose of maintaining the highest standard of morality for the community and making it a safe

place to live, both at home and on the public highways.

Mr. Clarkson was born at Rockford, Illinois, 46 years ago. He is an attorney of over 23 years study and practice of law, 4 1/2 years of which has been in Santa Ana, and prior thereto in Winfield, Kansas, and Ann Arbor, Michigan. He is a graduate of the University of Michigan Law School of the class of 1895 and is licensed to practice law in the State and Federal courts of California, Kansas and Michigan. He is a Knight Templar Mason, an Elk, a member of Modern Woodmen of America and Fraternal Aid Association. In politics, he is a Republican who has always favored state and national prohibition, equal suffrage, laws beneficial to child welfare and the advancement of the social, moral and educational interests of the community.

NOTICE TO CREDITORS

Estate of Benjamin Smith, Deceased. Notice is hereby given, by the undersigned, Executrix of the estate of Benjamin Smith, deceased, to the creditors of and all persons having claims against the said deceased to file them with the necessary vouchers in the office of the Clerk of the Superior Court of the County of Orange, State of California, or to exhibit the same with the necessary vouchers to the said Executrix at her place of business, at law office of W. F. Heathman, City Hall, Santa Ana, in the County of Orange, within four months after the first publication of this notice.

Dated this 5th day of August, 1918.

LINA E. TARAULT, Executrix of the Estate of Benjamin Smith, Deceased.

Today In Great War

Aug. 5, 1917: Canadians advance near Lens. Kerensky issues another manifesto, declaring he thinks he will retain his office as premier.
Aug. 5, 1916: Russians take 1,200 prisoners south of Brody. British repulse Turks near Suez canal.
Aug. 5, 1915: Germans are within 10 miles of Riga.
Aug. 5, 1914: Belgians repulse German attack on Liege. Kitchener made British secretary of state for war.

NAZIMOVA SURPASSES PREVIOUS TRIUMPHS

In "Toys of Fate," starring the great Nazimova, which will be shown at Clune's theater tonight, the wonderful Russian star has been declared to have surpassed her marvelous work in her previous Screen Classics, Inc., super-picture, "Revelation." As a gypsy princess, Nazimova brings all the histrionic talent which has made her famous into effective play.

ORANGE GROWER HURT IN AUTO ACCIDENT

Charles Snyder of Upland Injured in Crash; Wife and Companions Escape

Charles Snyder, reported to be a wealthy orange grower of the Upland district sustained numerous cuts and bruises, and his wife and a lady companion escaped other than very minor injuries, when the steering knuckle of their car broke and the car tumbled early Sunday afternoon. The accident happened on the Garden Grove road a mile south of the Grove in front of the Adams place. The party was on its way to Long Beach at the time of the crash. The car is reported to have turned over at least once and possibly twice, and to have broken a tree alongside the road. After the accident the car was right side up and facing in the direction from which it had come. Mr. Snyder was brought to the Santa Ana hospital where he was this afternoon said to be doing well. He has a bad gash on the arm and another on the head. He is not thought to have any internal injuries and no bones are broken.

NATIONAL GUARDSMEN TO ASSEMBLE TONIGHT

Capt. A. E. Koepsel has asked that all men who have been examined for the proposed National Guards company here assemble tonight at 7:30 o'clock at headquarters, 314 East Fourth street. About seventy men have been examined and have passed the physical examinations.

WED IN LOS ANGELES

Miss Mabel Brown of This City, Victor White, Los Angeles, Married Thursday

A very pretty but simple wedding was solemnized in Los Angeles last Thursday, when Miss Mabel Brown of 1112 East First street became the bride of Victor White of Los Angeles, Rev. Edward Locke officiating.

The ceremony took place at the home of the bride's grandmother, Mrs. Georgia Dean, at 423 West Forty-first street, at her request. The house was transformed into a bower of bloom with white carnations and asparagus ferns and sixteen relatives witnessed the ceremony. The only attendant was the bride's little cousin, Grace Sparkes, who carried the ring.

The bride was prettily gowned in white silk and carried a shower of white carnations.

Following the marriage, appetizing refreshments were served the guests and Mr. and Mrs. White left for a few days' trip to Honeymoonland, before taking up their residence in the Antler apartments, Los Angeles. They were the recipients of a number of useful gifts.

The bride is well known here, where she attended high school. Relatives attending the wedding from here were the bride's mother, Mrs. Dorothy Dean, her brothers, Walter and Earl Dean and aunt, Miss Edna Dean.

Jefferson Mothers Will Sew
Jefferson school mothers will meet Tuesday afternoon in August to sew and Thursday afternoons to tack coats. Help is urgently needed.

Married in San Diego.

Miss Dorothea Andrus, daughter of Mr. and Mrs. F. R. Andrus, lately of Montana, but now residing at 618 North Baker and Sergeant M. Siddoway of Salt Lake City, who has been at Camp Kearny for thirteen months, were married in San Diego, July 31.

On August 2, Sergeant Siddoway started for New York on his way to France.

The following will be the menu for Wednesday's luncheon at the Red Cross shop:

Roast veal and dressing, cold ham, string beans, scalloped potatoes and combination salads, corn meal gems, peach gelatin pudding, pie and ice cream.

The Wednesday luncheons will be the only ones served for the remainder of August and this committee should be well patronized.

Red Cross Activities

All helmets, all heavy socks and all sweaters, for which yarn was given out before Aug. 1, must be in finished by Aug. 12. If for any reason you cannot finish yours, let us know and return the yarn.

The sweater yarn has been received and those wishing to make sweaters may get a supply when wanted.

Mrs. Alex Brownbridge will no longer have knitting yarn so the ones wanting it will get it at the army.

The North Side workers are keeping up their fine record.

The Armory workers were most delighted over the delicious punch donated by the Dragon last Thursday. The Dragon knows how to do the thoughtful things that makes life pleasanter.

The class that has been sewing at Mrs. Guy Richards' will begin on Wednesday, Aug. 7, sew at Spurgeon school. They will have a large, pleasant room with plenty of good machines and can amply care for all who desire to sew with them. In the four months' work the class has made 154 taped hospital shirts, 51 pairs of pajamas and 12 bed shirts.

The class will hereafter be known as the South Side class. They especially wish anyone who has sewed with them at any time or who would like to begin the work to feel welcome to meet with them at Spurgeon school.

The beautiful inlaid table that has attracted so much attention at the Shop, was disposed of Friday evening at the Wiley Tire Shop opening to Therman Means of Chester street. This table was made by Mr. Tiffany of 1042 W. Pine street and was a wonderful piece of work. We congratulate the lucky owner.

Mrs. Pauline Davis of Los Angeles, sister of Mrs. Ben Turner, was the lucky winner of the "patriotic" quilt that was on display in Rankins' window the past week.

The Armory dining room will be closed during August except Wednesdays. The committee, Mrs. Howard Timmons, chairman, will serve on that day. The girls will be glad if you wish to make any donations.

Mrs. W. S. Earing of 820 Bush street will teach French to any who are expecting to take up war work. Mrs. Earing is certainly doing her part in making this generous offer.

Order a gallon or brick of Taylor's Ice Cream for Sunday dinner.

FAREWELL PICNIC

Misses Alice Trickey and Hattie Whidden Hostesses in Honor of Miss Rowley

A very delightful beach party was enjoyed on Saturday at Arch Beach, Misses Alice Trickey and Hattie Whidden being hostesses in honor of Miss Grace Rowley, who is leaving this week for her long return journey to China.

The girls, who numbered about twenty-five, enjoyed the drive to the picturesque beach and strolls about the rocky shore until time for supper. All of the good things to eat imaginable were served and a bonfire was built over which coffee was made.

Besides the hostesses and honoree, those participating were: Mmes. L. D. Mercereau, Will Cowen, D. A. Bear, George Lewis, Will Compton, Charles Harper, A. R. Rowley; Misses Evelyn Nunn, Mary Wood, Berta Armstrong, Edith Ward, Bessie Lewis, Alice Gail, Bessie Hill, Mary Smart, Fannie Smart, Suzanne Claycomb, Lula Ott, Esther Patterson, Robbie Jones and Emma Weld.

HOUSE PARTY AT BALBOA.
Mrs. Howard Timmons went to Balboa today to join a house party of the Pi Beta Phi Sorority of U. S. C. About thirty members will spend a week at the beach.

PERSONAL MENTION

John Fleming, one of the student aviators at March Field, Riverside, was a visitor yesterday at the home of Colonel and Mrs. T. L. Hill.

Mrs. Anne Owens and Miss Kate Owens have returned from a two-weeks' stay at Elsinore.

Mrs. E. P. Stafford was a morning passenger to Los Angeles.

C. H. Chapman was among Santa Anans in Los Angeles today.

Mrs. A. H. Lyon and Miss Margaret Lyon spent today in Los Angeles.

Among the Santa Anans visiting Exposition Park yesterday to see the war exhibits and skirmish in the trenches of No Man's Land were Mr. and Mrs. J. C. Metzger and family, Mr. and Mrs. Charles Cotant, L. F. Harvey and family, Mr. and Mrs. Ernest Layton, Mr. and Mrs. Wayne Goble, Mr. and Mrs. Edgar Clark of Anaheim, Mr. and Mrs. Horace Fine and family, Mrs. Olive Lopez and Alonzo Lopez.

Fay Wright, one of the student aviators at March field, came home Saturday night for a brief visit with his wife and his parents, Mr. and Mrs. George L. Wright. He returned to Riverside yesterday evening.

Mrs. George Scovell, Mrs. Homer Robinson, Mrs. Norman Hoyle and Miss Verrian Cravath left today for Coronado for a ten-days' stay. They motored to San Diego.

Misses Hattie Powers and Arlie Cravath have gone to Catalina Island to spend their vacation.

Mrs. J. J. Matthews and children of Colton are visiting Mrs. Matthews' parents, Mr. and Mrs. J. P. Thompson. The two families went to Huntington Beach today to spend a week.

Mr. and Mrs. Chauncey I. Pond of Redlands arrived here yesterday and will remain until the former makes an attempt to enlist in the navy. He is in Class 4 but feels it his duty to get into Uncle Sam's service.

O. H. Maryatt goes to Huntington Beach tomorrow to remain through the ten-day camp of the Veterans, where he will have charge of the Iowa headquarters.

L. Titchener, formerly with the Pacific Telephone Company here and now wire chief for the company at Ventura, was in the city today, having come down yesterday to bring his wife here upon a visit to her mother, Mrs. C. C. Tratt, 533 East Washington avenue.

W. T. Fowler, who was in the fruit business here twenty years ago and now the owner of a ten-acre orange grove at Rialto, is in the city on a visit at the home of his brother-in-law, M. W. Davis, on West Seventeenth.

Mr. and Mrs. A. V. Merigold received a card today from the Atlantic seaboard stating that the vessel upon which their son, Herrick Merigold, went overseas had arrived safely in port. Herrick was in the field artillery and went from Camp Lewis.

MAY RUN SPECIAL
TO ALLIED WAR
EXHIBIT

Chamber of Commerce Considering Advisability of Arranging Excursion

The Chamber of Commerce may run an excursion over the P. E. to the allied war exhibits at Exposition Park in Los Angeles some night this week. Secretary Metzger will take the matter up with the excursion committee of the Chamber of Commerce and if the members of the committee believe a success could be made of the venture they will set a date and make the necessary arrangements. It is believed a rate of \$1 for the round trip can be made, including transportation direct to the grounds. A guarantee of sixty tickets will be necessary in order to secure a special train.

The exhibition is worth any one's time and the expense is nil as compared with the benefit of a visit to the grounds. Admission to the grounds is 50 cents, 25 cents of which is returned by the issuing of a 25 cent war stamp to the ticket purchaser. Children under 5 years are admitted free. Death dealing weapons of every description used by Germans are shown in the exhibits, in addition to pictures of scenes in France, Belgium and England.

Many Santa Ana people were present yesterday. The sham battle, showing doughboys going over the top and capturing Huns, with exploding shells and imitation barrage, gives everyone an idea of what is doing on the battle fronts every day. A flying machine circles above while the battle is in progress and at times swoops down toward the enemy in imitation of what the airmen do in dropping bombs on the enemy during a real battle.

W. S. S.

PERMITS ISSUED:
NO SUGAR TO
FILL THEM

Acute Shortage of Sugar Obtains Among Grocers of the City

Mrs. A. J. Lawton, county chairman of food conservation, has issued ninety-seven permits for additional sugar for canning since the recent order went into effect. The permits called for 2061 pounds.

There is an acute sugar shortage in the city and some who have been given permits have not been able to buy the amount they wanted. The limit is 50 pounds of sugar for canning, and in issuing permits Mrs. Lawton is governed a great deal by circumstances. A farmer may have considerable fruit going to waste which could be saved by canning. In that event an extra amount of sugar would be allowed. In other cases a permit is issued for the difference between the amount of sugar already used for canning and 50 pounds. The August allotment of sugar to growers is limited.

Mrs. Lawton has named twenty-three deputies in the county, as follows:

Balboa—Mrs. Edith Wallace.
Newport Beach—Mrs. J. A. Porter.
Westminster—Mrs. E. A. Hare.
Brea—Mrs. Smith, Brea drive store, La Habra—Mrs. Mary F. Davis.
Garden Grove—Mrs. J. G. Dunn.
Talburt—Mrs. S. E. Talburt.
Huntington Beach—Mrs. F. E. Wilson.

Harper—Mrs. E. A. Spaulding.
Fullerton—Mrs. Fuller, department store.

Anaheim—Mrs. H. O. Henderson.
Tustin—Mrs. J. A. Phinney.
Placentia—Mrs. T. L. McFadden.
Buena Park—Mrs. Clara Bixby.
Olinde—Mrs. J. E. Welin.
Yorba Linda—Mrs. Carrie J. Drake.
San Juan Capistrano—Mrs. Frank Foster.

El Toro—Mrs. Carl Mock.
Irvine—Mrs. Harry Spencer.
Newport—Mrs. J. A. Porter.
Winters—Mrs. J. C. M. Ross.
Cypress—Mrs. Ida L. Henderson.
Laguna Beach—Mrs. E. E. Jahraus.

Enrollment for Student Nurses

There are six enrollment stations in Orange county for the student nurse reserve, but none of the outside stations have reported to Mrs. Lawton. The time for enlisting is growing very short, next Saturday being the last day. Women enlisting in the reserve are put through a course of training in hospitals, after which they go into regular service. The following have enrolled in Santa Ana:

Miss Heleh Rush, Orange; Miss Margaret Dunn, 816 Riverine; Miss Gladys Davis, 209 Edgewood road; Miss Elsie Fluor, 838 Ross; Miss Mildred Swarthout, 421 East Walnut; Miss Lola Robinson, Santa Ana R. D. 1; Miss Hazel Greenleaf, 711 West Seventeenth.

Circulated Petition

The following young women of the Girls' War Service League and Student Volunteer Service rendered valuable assistance in getting signatures to the anti-loan shark referendum: Misses Edna Beatty, Bess Wood, Norma Wingood, Alice Goetz and Helen Reinhaus.

W. S. S.

Clinton Innes of Santa Ana and City Marshal Henry Warner of Orange each went to Los Angeles last week and each tried to join the tank corps and each was rejected for the same reason that he was over 40 years of age.

NEWS IN BRIEF FORM

Forty new Remington rifles have been ordered for the Placentia Home Guards. Part of them have been ordered by the members, individually, and part by enterprising citizens for the use of the guards.

Mr. and Mrs. W. K. Robinson of Trabuco have received word that their son, Walter K. Robinson, Jr., has arrived safely overseas. The young man is an ambulance driver and received his training at Camp D. A. Russell, Cheyenne, Wyo.

Bert Thomas, of Riverside, is minus the automobile he traveled from Riverside to Newport in yesterday for someone stole it during last night. The car was left parked in front of the Lemon apartments, and was there at 9 o'clock last night. It was missing at 6 this morning.

Mrs. D. D. Luzier of Placentia has just received word from her publisher that her new march "Blue Devils" is going "over the top." They report big sales, giving as the reason the fact that it meets the popular demand, being easy to play, full of snan, and with a real military ring. The work has been off the press scarcely a week—in fact the band and orchestra arrangements are not yet on the market—and the first edition is almost sold out.

Edward Deal Currier, a former resident of Placentia, was killed at Rockwell Field, North Island. He was struck by the propeller of an airplane which he was testing. Currier was one of the first business men to locate in Placentia after the town was founded. He owned the Placentia hardware store until 1915, when he sold out to C. R. Farrar and went to Los Angeles.

Jay Sebastian, of the Sebastian dry goods store at Anaheim, enroute today with the contingent from Huntington Park for Camp Fremont, Palo Alto. Sebastian was originally placed in Class 4 but was recently reclassified and placed in Class 1 and ordered to prepare to leave today.

At the last regular meeting of the city trustees of Seal Beach, James Graham was elected a member of the board to fill the vacancy caused by acceptance of the resignation of Harry Magie, who recently moved to Kansas.

C. L. Neuschwager, former city marshal of Seal Beach, and now a member of the Santa Ana police force, has been on vacation this week. Saturday he and Mrs. Neuschwager came over from the county seat and spent a few days in their cottage on Seventh street. Neuschwager has made good on the Santa Ana police force and is probably there to stay.—Seal Beach Wave.

Mac O. Robbins, fire insurance man, is usually among those present at a fire for he hits the pike at the first sound of the alarm. He preaches insurance all the time. But the fact that he does this does not lessen his individual liability to property damage by fire. A small blaze started Sunday morning in the awning over the doors to his office. Officers Ryan and Neuschwager happened along just in time to detect it before it did any great damage. A hole about a foot in circumference was burned in the awning and Robbins knew nothing of it until he came down to his office this morning. It is presumed that a roomer in the Rossmore Hotel threw a lighted cigarette or cigar out of an upper floor window and it landed on the awning. It was 2 o'clock Sunday morning when the officers discovered the fire.

THE WEATHER

WEATHER—Tonight and Tuesday fair except cloudy and foggy tonight and in the morning near the coast. Continued warm interior. Moderate westerly winds.

WINTERSBURG

ILLUSTRATED LECTURE
WEDNESDAY EVENING
AT WINTERSBURG

WINTERSBURG, Aug. 5.—Next Wednesday, August 7, Rev. Vernon M. McCombs, conference district superintendent of Spanish and Portuguese for the M. E. church of Southern California, will entertain with stereoscopic views of the Holy Land, California and Mexico, giving an instructive lecture in connection with them. The lecture is being given under the auspices of the local Epworth League and will be given at Bradbury's hall. Rev. McCombs will speak in both English and Spanish.

Return From Motor Trip

Miss Florence Larter and friend, Miss Mildred Dunehoo, arrived last Sunday, following a delightful four-weeks' tour of California, enjoyed in Miss Dunehoo's Chevrolet, which she drove herself. Miss Dunehoo, Miss Larter and Miss Jane Friend, the former of Santa Barbara and the latter of Ojai, met at the J. B. Lossing home at Sausalito and with Miss Mildred Lossing, one of the party, left on July 1 for Yosemite, where they passed ten days, seeing most of the interesting spots in the valley. Upon leaving the Yosemite Miss Friend and Miss Lossing took the train at Merced for their homes and Miss Dunehoo and Miss Larter continued on to Sacramento, Stockton and over into Nevada as far as Reno, where Miss Dunehoo has friends, she being a graduate of the Reno University. Upon the return trip the young ladies again stopped over in San Francisco, Healdsburg, Monterey, Santa Cruz and Camp Fremont being other points visited. At the latter place a short stop was made for Miss Larter to see her cousins, Clyde and Kenneth Stevens, the former being a member of an ambulance unit, the latter of a company of engineers. Kenneth was not in camp at the time Miss Larter was there but she visited with Clyde for a short time. Returning by way of Sanger, Miss Dunehoo, who will teach the coming term in the school there, left her camping outfit and they came on to Los Angeles, reaching there Saturday evening and remaining over night, driving down the next morning.

Miss Larter and house guest, Miss Mildred Dunehoo drove to Los Angeles, Friday in the latter's machine for the day. Upon their return in the evening they were accompanied by Miss Lucille Payne, a former school mate of the young ladies at the

SCHOOL GIRL
TELLS OTHERSHow They Can Find Relief
From Periodic Sufferings.

Nashua, N. H.—"I am nineteen years old and every month for two years I had such pains that I would often faint and have to leave school. I had such pain I did not know what to do with myself and tried so many remedies that were of no use. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and decided to try it, and that is how I found relief from pain and feel so much better than I used to. When I hear of any girl suffering as I did I tell them how Lydia E. Pinkham's Vegetable Compound helped me."—DELINA MARTIN, 29 Powers St., Nashua, N. H. Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, therefore is a perfectly safe remedy to give your daughter, who suffers from such painful periods as did Miss Martin.

Resume Church Services

All usual church services will be resumed this week at the local M. E. church following the three weeks' vacation given for the purpose of allowing all to attend the Huntington Beach meetings as much as possible. The privilege was made the most of by the majority of the congregation and Wintersburg was well represented at the services.

The Sunday school, morning service, Epworth League and evening service will be held at the regular hour Sunday, as will also the Thursday evening prayer meeting.

Walton Transferred to S. F.

Mrs. Charles Walton received a telegram from Los Angeles Wednesday evening from her husband stating that he was en route to San Francisco. Walton entered the naval reserve at San Diego July 5, being relieved from quarantine Thursday of last week. On Saturday he came home on a week-end furlough, he and Mrs. Walton spending Saturday night and Sunday at Westminster with his parents, Mr. and Mrs. Joe Walton. When here he expected an immediate transfer but did not find out the time for his departure in time to get word to his wife so she could see him as he passed through Santa Ana as had been planned.

Mr. and Mrs. J. O. Pyle, Mr. and Mrs. A. Ruoff, Mr. and Mrs. Emil Kettler and Mr. and Mrs. John Kettler were among those who attended the Eastern Star Red Cross benefit dance at Huntington Beach Wednesday evening.

Mrs. Dave Johnson of Whittier has been visiting the past week at the homes of her sisters, Mrs. J. T. Stockton, Mrs. J. T. Worthy and Mrs. Pryor, and left for her home the middle of the week. On Tuesday Mrs. Johnson, Mrs. Stockton and Eunice and Morris Stockton spent the day with Mrs. Stockton's daughters, Mrs. Hugo Lamb and family of Talbert. Mrs. H. O. Pryor and son Harry of San Bernardino were also guests for the day and in the evening Mr. Stockton joined them and all remained as supper guests and for the evening. On Wednesday the same party was entertained for the day by Mrs. Pryor and family.

Mr. and Mrs. B. A. Farrar were Santa Ana visitors Wednesday.

Mr. and Mrs. J. T. Stockton had as their guest Wednesday and Thursday Mrs. H. V. Pryor and son Harry of San Bernardino, who have been spending the past month with relatives hereabout. Mrs. Pryor's husband is at the Arcadia Balloon station, having been in Uncle Sam's service since last fall when he went first to Camp Lewis, later being transferred to the Riverside field and a short time ago to Arcadia.

Mr. and Mrs. George Gerhart attended the Sunday school convention at Long Beach on Wednesday, which they found very interesting. Eighty churches were represented in the convention.

Miss Ethel Morgan went to Anaheim Saturday and remained until Monday with Miss Hattie Schenley, who has been employed there the past month.

Mrs. W. T. Vandruuff, daughters, Esther and Marie, and son, Paul, spent Friday evening at Long Beach at a picnic with friends.

Mr. and Mrs. J. W. Randolph of Brawley were guests from Tuesday until Thursday at the C. H. Maddux home.

Mr. and Mrs. W. T. Vandruuff and family attended church in Pomona last Sunday evening.

Rev. M. Ross arrived home Thursday afternoon from a three-weeks' motor trip through various parts of this state. Misses Mabel and Esther Ross accompanied their father to Modesto, the end of the trip, where they remained with the expectation of staying a couple of months. Rev. Ross returning home alone. The trip proved a very pleasant one in spite of some extremely hot weather experienced and Rev. Ross camped out the entire trip. The young ladies also enjoyed the outdoor life on part of the northernward trip.

Mr. and Mrs. George Steck of Colton left Thursday for their home following a week's visit with the former's brother, Albert Steck and wife of Westminster. Mrs. Sessions of Colton was also a visitor at their home for the week.

Mr. and Mrs. Bert Gothard were dinner guests Sunday of Mr. and Mrs. Rawlins at their Whittier home.

Louis Steck of this place, son of Mr. and Mrs. Albert Steck, reported for duty at the San Pedro naval station on July 26.

Rev. W. Kent arrived Thursday evening to spend the remainder of the week at the home of Mr. and Mrs. G. M. Robinson while attending camp meeting at Huntington Beach.

Mrs. A. H. Moore received a letter Tuesday from her son, Ray Shafer, mailed by him at Albuquerque, N. M., while passing through on a troop train en route to the east. A card was also received from his son Thursday. Shafer, who is a member of Troop B, left Camp Kearny on Friday and was having a pleasant trip, he stated. George Gothards are receiving word every other day from their son, Geo. Gothard Jr., who is also a member of Troop B.

Mrs. Weir, who is visiting her sister, Mrs. Bert Hoover, of Smeltzer, went to San Diego Wednesday, returning Thursday.

Miss Dollie Starkey of Garden Grove was the guest Thursday night of Mrs. Charles Walton.

Mr. and Mrs. A. Ruoff entertained at their home Sunday, Mr. Ruoff's brother, William, and family of Los Angeles.

Mrs. W. F. Slater and children went Sunday to Los Angeles for a visit at the home of her sister, Miss Jennie Clay. On Thursday Mr. Slater went up to the city and on Friday, with his family motored to San Fernando where they visited Horace Moore and family, returning home in the evening.

PUBLIC NOTICE

Announcement of public dances at Olive Aug. 3; Orange Wednesday, Aug. 7th; Brea August 10th, every two weeks following these days thereafter. Admission \$1.00, including war tax.

USE PEACH PITS TO
MAKE CHARCOAL FOR
SOLDIER GAS MASKS

FRESNO, Aug. 5.—Peach growers will not be required to furnish sacks for delivering peach pits to the Government, according to the United States army announcement made here last night. A conference was called at the offices of the California Peach Growers, Inc., and First Lieutenant Lester H. Eastin explained the entire situation satisfactorily. Lieutenant Eastin is with the United States Chemical War Service, which some time ago announced that the Government would pay \$7.50 a ton for peach pits. Shortly after the announcement, the farmers discovered that the cost of sacks would almost equal the price received for the pits, and some of them were not inclined to deliver their supply.

The Government will now accept all peach pits delivered at the warehouses of the California Peach Company or the California Packing Corporation and a few other places specified, and will pay the \$7.50. This is considered good remuneration compared with the old price of a dollar or two a ton for fuel. Any kind of a container will do, as the Government will move the pits in bulk in freight cars. For convenience of handling at the warehouses, the pits may be brought in sacks, picking or sweat boxes.

"The facts for the grower to remember," said Lieutenant Eastin, "are that the price is \$7.50 per ton; that the United States wants all the pits, and that it will commandeer them if necessary, even to the smallest quantities. It is a patriotic duty to deliver them, and the use of the pits will save uncounted lives in the war."

"Peach pit and coconut hull charcoal are twice as efficacious as ordinary charcoal in the soldier's gas mask. We owe it to him to make the mask as good as possible."

The United States has also undertaken to furnish the special charcoal to the Allies. A factory has been started at San Francisco where there are facilities for the work. The seeds are wanted as early as possible and when they are in good, dry condition, delivered at the peach shipping points. If any grower is in doubt where to deliver he is requested to communicate at once with J. P. Kane of the peach company.

The kernels of the apricots are already utilized, and some use for the peach kernel may be found.

—W. S. S.—

GOVERNMENT
EXHIBIT AT THE
RIVERSIDE FAIR

The United States government will have at the Southern California fair at Riverside, October 8-12, a large and instructive exhibit to show the departments actively engaged in strafing the Hun. Through the bureau of public information there will be shown at Riverside what the government is doing to make the world safe for democracy.

In the patriotic tent at Riverside will be displayed exhibits from Washington to show the work of the navy, army, signal corps, marine corps, and various other departments. The Red Cross will show their work in the battle land. The Red Star will have exhibits as will the Y. M. C. A., Y. W. C. A., Knights of Columbus and other affiliated organizations.

There will be an exhibition of Browning Machine guns, aircraft guns, the latest rifles and infantry equipment. There will be wooden blocks to show the penetration of shells used on the western front. Prominent will be the lay figures with the uniforms of all men in the field. There will be recruiting offices for all the departments with officers in charge.

Relics captured from the Huns in the present big battle will be shown. There will be gas masks, trench shovels, night and day rockets, trench pumps, and in fact everything that goes to make up trench life. The men of March field, the big government school at Riverside, and their exhibit will play an important part in the display. This means that the war will be brought straight home to the people of Southern California visiting the Riverside fair this year.

—W. S. S.—

FULLERTON PIONEER
PASSES AT RIPE AGE

FULLERTON, Aug. 5.—F. X. Dausser, an old and highly respected citizen of this place, is dead at the age of 70 years. For thirty-three years he has resided two miles east of the city and all during that time he contributed his full share to the growth and development of the community.

Mr. Dausser came to the United States from Germany when he was but 4 years of age and had lived in Pennsylvania, Wisconsin and Minnesota. It did not meet the invasion of Belgium nor the sinking of the Lusitania to convince him that the Kaiser and the Prussian war lords were in the wrong from the start. Oldtimers recall many instances in which he had vehemently denounced the Kaiser and all his works and pomp.

Deceased is survived by six children, five of whom live in Fullerton. The other, Miss Sue Dausser, left Fullerton for France a few months ago in charge of a large contingent of nurses, and her whereabouts at present is unknown. Funeral services were held at St. Mary's church, this city, this morning at 9 o'clock.

—W. S. S.—

Spend your vacation at Big Bear Valley, \$12.00 round trip by Crown Stage. Phone Pacific 925; Home 2023.

—W. S. S.—

Dr. Hancock wants hard cases.

"The man who consistently FUMIGATES and fertilizes his citrus grove is the man most likely to have a substantial deposit in the bank, and with property free from encumbrances."

—EDWARD K. BENCHLEY,
President Farmer and Merchants Bank,
Fullerton, Cal.

SOLID SENSE

THE object of citrus tree fumigation is to clean the tree and fruit from scale pests and prevent smut. The rancher spends from \$250 to \$300 on ten acres of trees, not because "everybody is doing it," nor because the horticultural inspector says it must be done, but because he has learned that the tree will not set a normal crop if infested with scale, and because scale-smutted fruit suffers mechanical injuries in being cleaned, causing a very material loss through decay.

THERE are very vital reasons why the rancher should confront himself anew with the primer of fumigation, as stated above. This is because THE OBJECTIVE of clean trees and clean fruit

becomes dim in the minds of some. The statement, "I have fumigated this year," must be supplanted by the declaration, "I have cleaned my trees and fruit of scale pests this year."

IN an increasingly large amount of the citrus acreage of this state this means ANNUAL FUMIGATION. In some sections it means two fumigations in the same year. But both conditions lead to exactly the same objective—clean trees and clean fruit.

Read this newspaper in the next few weeks, and stimulate your ideas of the REAL OBJECTIVE of Fumigation.

Eternal vigilance in the citrus business is the price paid for comfortable credit at the bank.

F. W. BRAUN

Los Angeles, Cal.
Box 55

Minutes of Meeting of
The S. A. V. I. Co. Board

Orange, Cal., July 27, 1918.
The meeting was called to order at 10 a. m. with all members present, except George Dierker.

The minutes of the regular meeting, June 29, 1918, and the called meeting of July 16, 1918, were read and approved.

The secretary's report was read and ordered filed.

The superintendent's report was read and ordered filed as follows:

Superintendent's Report
Orange, Cal., July 24, 1918.

To the Board of Directors of the S. A. V. I. Co.

Gentlemen: Work done during the month is as follows:

On petition of H. O. Alsbach et al have laid 1038 feet of 24-inch and 672 feet of 18-inch pipe, constructed one new gate and replaced four old ones, using three 24-inch and two 18-inch iron back-ups.

On petition of D. A. Osborn, have laid 774 feet of 18-inch pipe, replaced one gate, using one 18-inch iron back-up gate. This completes both petitions.

At pumping plants No. 2 and No. 6 have reinforced derrick, using 2x8 for corner posts and 2x6 for braces.

Have cleaned ditches A, B, C, CC, CC, F, G, GG, H, I, J, N, NN, O, P, Q, R, T, TT, U, V, and Y; also cleaned moss from main canal and weeds on inside banks of same.

Other work has been done as usual. Respectfully submitted,

W. A. RALPH, Supt.

The treasurer's report was received and ordered filed.

The finance committee report approving bills as follows: Expense \$6440.38; construction \$2239.88, was

read and approved and warrants were ordered drawn on the proper funds for the several amounts.

The following resolution was moved and unanimously carried: Resolved, that on account of the high cost of living caused by the war, a bonus of 10 per cent of the employees' wages for the month of July be given seven employees, and warrants were ordered drawn for same.

On motion a warrant was ordered drawn in favor of Lane & Bowler for \$1989 in payment of pump at plant No. 7.

A petition was received from C. E. Walters and was referred to the zanja committee.

On motion the president was authorized to sign an agreement with the Pacific Telephone and Telegraph company to pay \$75 toward the construction of a telephone line to the residence of C. E. Wood and a warrant was ordered drawn for \$75 for same.

On motion a warrant for \$3.50 as deposit on C. E. Wood's phone was ordered drawn.

A petition was received from L. P. Hitchcock for domestic water and was referred to the litigation committee with power to act.

On motion the president and secretary were authorized to execute a right-of-way deed across the Feliz tract for the proposed road up the Santa Ana canyon.

On motion the president and superintendent were authorized to dispose of the building on the True ranch.

The question of electric lights for the houses at the pumping plants was referred to the president and superintendent.

Adjourned.
O. E. MANSUR, Secretary.

NOTICE INVITING BIDS
 Santa Ana, Calif., July 26, 1918.
 In pursuance of a resolution of the Board of Supervisors of the County of Orange, Calif., adopted July 26, 1918, directing this notice, notice is hereby given that the Board will receive bids for the construction of a new building at its offices at the corner of Santa Ana and of before the hour of 2 o'clock P. M. of August 20, 1918, sealed bids or proposals for the grading of 1.36 miles of road in the Santa Ana Canyon, 3 miles easterly from Peralta.
 Approximate excavation 75,000 cubic yards.
 Bids must be made on the form provided for the purpose, addressed to the Board of Supervisors, Orange County, Calif., marked "Bids for Santa Ana Canyon Road, Section 2."
 The work is to be done in accordance with the profile and specifications adopted by the Board of Supervisors in the office of said Board and in the office of the County Surveyor in the Court House.
 Each bidder must submit with his proposal a satisfactory check certified by a responsible bank and payable to the order of the County of Orange, for the amount not less than five per cent of the aggregate sum of the bid, as a guarantee that the bidder will enter into the proposed contract if the same is awarded to him, and in event of failure to enter into such contract said check shall become the property of the County of Orange.
 The amount of the bond to be given to secure a faithful performance of the contract for said work shall be 25 per cent of the contract price thereof, and an additional bond in an amount equal to 50 per cent of the contract price for said work shall be given to secure the payment of claims for any material or supplies furnished for the performance of the work contracted to be done by the contractor or any work or labor of any kind done thereon, and also will be required to furnish a certificate that he carries compensation insurance covering his employees upon work to be done under contract which may be entered into between him and the said County for the building of said road.
 Copies will be furnished intending bidders upon application to the County Surveyor of said County for which a deposit of three dollars (\$3.00) will be required, same to be returned on the filing of bid, and the return of plans and specifications.
 The Board of Supervisors reserves the right to reject any and all bids.
 By order of the Board of Supervisors of the County of Orange, Santa Ana, California.
 N. T. EDWARDS, County Clerk.

DOINGS OF THE DUFFS

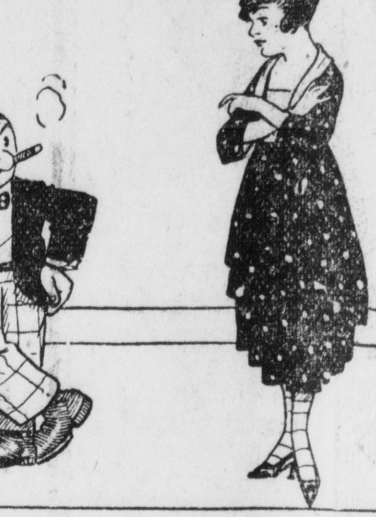

SAY, HELEN, THE BOSS SUGGESTED TODAY THAT I HAD BETTER TAKE MY VACATION RIGHT AWAY.

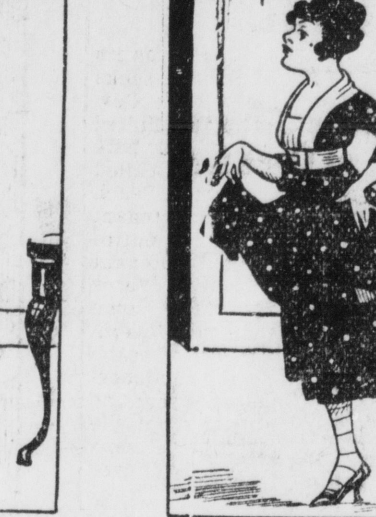

THAT'S A FINE HOWDY, DO—I HAVEN'T ANY CLOTHES OR ANYTHING—HOW AM I GOING TO GO?

WE'LL GO SOME PLACE WHERE YOU WON'T NEED ANY CLOTHES OR I MEAN NEW CLOTHES.

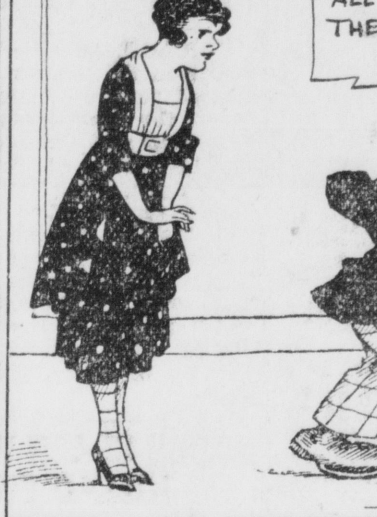

I HAVE MY MIND ALL MADE UP WHERE I'D LIKE TO GO.

AND THAT IS THE SEASHORE—AT THE SAME HOTEL WE WENT TO LAST YEAR.

NOTHING DOING! WE DON'T GO TO THAT PLACE THIS YEAR!

I DON'T SEE WHY NOT—IT WAS A DECIDED CHANGE AND YOU HAD A GOOD REST.

NOTICE TO CREDITORS

Estate of B. F. Hennacy, Deceased.
 Notice is hereby given by the undersigned, Executor of the estate of B. F. Hennacy, deceased, to the creditors of said estate, to file claims against the said decedent in the office of the Clerk of the Superior Court of the County of Orange, State of California, or to exhibit the same with the necessary vouchers to the said Executor at his place of business, at law office of W. F. Heathman, City Hall, Santa Ana, in the County of Orange, within four months after the first publication of this notice.
 Dated this 5th day of August, 1918.
 Executor of the Estate of B. F. Hennacy, Deceased.

WANTED—A 5 or 6-room, modern cottage, close in, for cash. Wells & Warner

TO CUT ELECTRIC DISPLAY LIGHTS SIX NIGHTS PER WEEK

Business Men Patriotically
Volunteer to Eliminate Un-
necessary Lights Tonight

Santa Ana's business men are patri-
otic, and that they are with the govern-
ment to a man in any way that will
serve Uncle Sam in defeating the Hun.
The Huns were fully proven to A. J. Crook-
shank, city fuel administrator, today,
when he had occasion to call upon
them with reference to the elimination
of unnecessary lights, commencing to-
night.

Under a circular letter issued by
the federal fuel administrator for Cal-
ifornia, copies of which were received
here Friday and Saturday, Southern
California was not to commence ob-
servance of new light regulations until
Monday, September 2. Today word
was received correcting the error and
making the date of the regulation ef-
fective tonight.

Immediately upon receipt of the
changed order Crookshank got busy.
He had a conference with Local Man-
ager Deimling of the Southern Califor-
nia Edison Company, when he was in-
formed that to cut out all necessary
lights on Monday and Tuesday nights,
would save little or nothing in Santa
Ana and it was suggested that light-
less nights be made every night of
the week except Saturday. Crookshank
put the situation up to the users of elec-
tric signs and window display lights
and all those he saw volunteered to
discontinue the use of such displays
every night in the week except Sat-
urday. This means that lights that have
been burning on buildings for the pur-
pose of attracting the eye of the public
will no longer shine forth unless the
order is rescinded after the summer
months, when rain and snow in the
mountains will furnish enough water
power to generate the bulk of the elec-
tricity in use in Southern California.

Street lighting in the city will be
affected but little by the new rule. The
lights will be turned on later. Hereto-
fore they have been turned on one
hour after the scheduled sunset hour.
They now will not be turned on until
it is absolutely dark. The same rule
will prevail with the ornamental light-
ing system. What is known as the all-
night lamps on the ornamental circuit
will be lighted at the usual hour, but
the others will not be bright until it is
dark. The all-night lamps are corner
lamps, two burning in a block. This
will save at least an hour in the ar-
and incandescent lamps. The order
provides that the street lighting sys-
tems should not be crippled to the
point of being insufficient to render
protection to people using the streets
at night. The street lights here are
so far apart that to darken every other
one would make the streets unsafe.

"The bulk of the supply is not being
generated by steam plants," said
Deimling this morning, in discussing
the situation, "and elimination of the
non-essential lights in the county at
night will save many barrels of fuel
oil in the course of a year. However,
the light load in Orange county is very
trivial as compared with the power
load. The peak of the load comes be-
tween 9 and 10 o'clock and it is used
for an essential purpose—the develop-
ment of water for irrigation purposes.
The peak in the county is about 9000
kilowatt hours and the low is about
4000. I would estimate the saving by
cutting out night lights at about 500
kilowatt hours every night."

WOMEN TENNIS SHARKS PLAY IN CHAMPIONSHIP

CHICAGO, Aug. 5.—With the men's
events in the western tennis tourney
decided yesterday, interest turned to-
day to the championships for women.
Miss Neely of Chicago was to meet
Mrs. Northrop of Portland, Ore., in
the singles, Mrs. Northrop and Miss
Neely to play Miss Leighton and
Mrs. Field of Chicago in the doubles.
Walter T. Hays defeated Samuel
Hardy for the singles titles, 6-2; 9-7;
6-3. Both are Chicago men. Hays
and Ralph Thurdick won the sectional
doubles title from Edward O. Esner
and W. S. Miller, Chicago, 6-1; 6-1;
6-3.

PROBE CRASH WHICH KILLED FIVE PEOPLE

CHICAGO, Aug. 5.—A coroner's in-
quest to determine responsibility for
a train-street car wreck which killed
five persons here yesterday was to
be held today. Some among the
thirty injured when a freight train on
the Chicago Belt railway struck a
street car tried to right angles claimed
the car crew tried to beat the freight to
the crossing. Three of the five killed
were babies.

FULTON AND DEMPSEY MAY STAGE EXHIBIT

CHICAGO, Aug. 5.—Jack Dempsey
and Fred Fulton, heavyweights, who
faced each other for 23 seconds a
week ago, will be scheduled for a six-
round exhibition here Saturday. If
Dempsey agrees to donate his ser-
vices. The show is planned as part
of a Salvation Army benefit. Fulton
is said to have agreed.

The motor truck has demonstrated
its adaptability to the hauling of farm
products. It is dependable wherever
the roads are capable of carrying its
load. The use of the motor truck for
farm transportation is growing rapidly,
and in the vicinity of many cities reg-
ular routes are now maintained. The
purpose of the organization of rural
express on a national scale is to bring
to agricultural communities through-
out the country an understanding of
the greater benefits to be derived
from regular daily service over the
main highways from farm to city and
from city to farm.

When David B. Weaver, Saxony,
Minn., went to Montana in 1864, he
discovered a gold mine. While he and
his parents were at work on it, In-
dians drove them off. Four months
ago he went prospecting again and
he found the same mine and intends
to work it, despite his 78 years.

The irrigated west, through maxi-
mum development of the beet sugar
industry, can be made a powerful fac-
tor in helping to solve great national
problems. The United States can
best serve the world when we have
developed full strength within these
United States. We secure our strength
from within and not from without.

The poorest paying job for women
in Japan is that of elementary school
teachers.

Buckwheat as a green manure crop
is declared to have saved many an
orchard from June drop.

DR. BURLEW HOME AFTER YEAR'S ABSENCE

Returns Saturday Afternoon
and Leaves at Once for
Indio

Dr. J. M. Burlew arrived home Sat-
urday afternoon, accompanied by Mrs.
Burlew. They left Saturday evening
for Indio to see their little boy who is
with his grandparents there, Mr. and
Mrs. J. H. Northrop.

Dr. Burlew left here a year ago
in June for Ft. Riley and left the ser-
vice at San Antonio a few months ago
because of illness. He attained the
rank of major before leaving San
Antonio.

He went from San Antonio to Chi-
cago for treatment and after recov-
ering went to Mayo Brothers' institute
at Rochester for a brief post course in
surgery.

Dr. Burlew was here only for a
short time Saturday and only a few
of his friends got to see him. He and
Mrs. Burlew will return from Indio
tonight. He is looking fine and is in
fair health again. It is understood he
will soon reopen offices in the city.

County Men Landed in
Last Three Weeks

There are now probably no less
than 100 Orange county men on their
way to France, either on rail, in em-
barcation camp or upon the water.
Probably more than double that num-
ber of Orange county men have ar-
rived in France or England within the
last two or three weeks.

Those who have arrived include
men who were with the 363rd and the
364th Infantry regiments at Camp
Lewis. Formal announcement of the
arrival of that regiment was made
in dispatches yesterday. Cards were
received here several days ago by
relatives of men of those regiments
telling of the safe arrival of their
ships at port overseas.

There were thirty-five Orange coun-
ty men who went over with the por-
tion of Company L, 160th Infantry,
that was reported safely overseas a
few days ago.

Of the number of Orange county
men in uniform only a small portion
is likely to have been in the recent
advance along the Rheims-Soissons
front. Of the drafted men, scattering
groups only had been sent across up
to the time the 363rd and 364th went
over. Some of the county's drafted
men, however, were in action weeks
ago. Among them was Leichtfus of
Orange, who was wounded about
three months ago. There are a num-
ber of Orange county men in engin-
eer units who may or may not have
been in action in the recent battles.

Among the men now going forward
to France are Captain Holderman and
the remainder of Company L. Prob-
ably between fifty and sixty men who
were sent from this county in the
June draft are in the East, on the
way East or on the Atlantic. A num-
ber of Orange county men in an ar-
tillery regiment are also Europeanward
bound.

Owing to the request of the Govern-
ment that movements of troops are
to be mentioned with caution and ex-
treme discretion, some of the events
of the last three or four weeks have
not been reported in the Register.

STARTING FOR CAMP FREMONT

Tomorrow Twenty-three Men
Leave Orange County
for Army

Tomorrow twenty-three men are
leaving Orange county for Camp Fre-
mont, Palo Alto. The draft contin-
gent leaving here will number thirteen
men, and that leaving Fullerton will
be ten men.

This afternoon Ernest N. Winbiger
starts from Santa Ana for Ft. Mc-
Dowell. From Ft. McDowell he will
go to Ft. Hancock, Augusta, Ga.

Charles Wallace of Villa Park, has
entered the tank corps. He will leave
here within seven days for Ft. McDow-
ell, and from there he is to go to
Camp Colt, Gettysburg, Pa.

Notice has been received by the lo-
cal board that Emil P. Garcia of El
Toro has been rejected at Camp
Lewis, to which place he was sent
with the last Camp Lewis contingent
from here. Rejection was upon phys-
ical grounds.

Tomorrow's contingent leaving here
will be given a banquet at Elks hall at
12 o'clock. Exercises will be held at

MOTHERS HUNDREDS OF SAILOR BOYS

Mrs. Margaret Murray Dow of
Brooklyn, for years has mothered
the jockies and marines at the
Brooklyn Navy Yard, and her lit-
tle home is filled with photographs
and letters from all "her boys" at
the front.

the court house at 2:30, and the men
will be escorted to the train by
guardsmen. People are urged to leave
their stores, gather on the sidewalks
and at the train to see the boys off.
The train will leave at 3:42 o'clock. It
is suggested that Santa Anans begin
the custom of raising their hats as the
flag passes by in parade.

NINE MEN TO ENTRAIN AT FULLERTON AT 4:10

FULLERTON, Aug. 5.—Nine more
registrants are to be entrained next
Tuesday, August 6, by the local board,
and seven of the contingent will go
to Camp Fremont, Menlo Park. They
will leave here on the train from San
Diego for Los Angeles at 4:10 p. m.

Two men are to be entrained by
other local boards. Oscar J. Poland,
formerly of Yorba Linda, now of
Bridgeport, Ind., will be entrained at
Bridgeport. Parker H. Stortz, former-
ly of Seal Beach, will be entrained
from Salt Lake City, Utah.

The list of men to go from here is
as follows:

Calvin E. Adams, Santa Ana; Ed-
ward Heying, Anaheim; Daniel B.
Clark, Los Angeles; Rescoe N. Hod-
son, La Habra; Frank F. Volz, Ana-
heim; Donald Larier, Huntington
Beach; McDowell A. Gorton, Ana-
heim.

Fred W. Braddock would make up
the contingent of the men, but, at his
request, he was entrained ahead of
time.

Two alternates have been notified
to be on hand to go in case any one
or two of the regulars fail to appear.
They are Earl T. Nickles of Anaheim,
and Guy Ford of Orange.

James A. Mauerhan will be en-
trained with this contingent by the lo-
cal board for the local board of Santa
Ana.

The men will be entertained at
dinner Tuesday noon by the board of
trade, and a comfort bag will be pro-
vided for each registrant by the Red
Cross.

CONTROLLING WEEDS

One of the best and cheapest ways
to control weeds on farms is to keep
a flock of sheep or milk goats. In ad-
dition to controlling weeds without
cost, sheep will render a profit by
producing nutritious food and wool,
and will assist materially in meeting
demands on the nation for meat and
wool production. If weeds are not per-
mitted to grow and develop leaves they
will die, but it would require a great
amount of hard labor to keep most
weeds under control by this method.
Sheep will keep the weeds down and
the more weeds they eat the less will
be their food cost of upkeep, and the
greater will be the supply of feed re-
leased for other stock. Many rough or
permanent grass pastures that re-
quire mowing can be kept clean by the
use of sheep, while at the same time
the cattle-carrying capacity of the
pasture is increased.

ANNUAL BEACH CAMP OF VETERANS WILL OPEN TOMORROW

Southern California Gather-
ing Promises to Attract
Great Attendance

HUNTINGTON BEACH, Aug. 5.—
Tomorrow the Southern California
Veterans come into camp at Arbor-
vict for ten days. They will hold
their evening exercises as usual and
the camp will be conducted along the
same general lines as heretofore.
Quartermaster A. B. Paul of Santa
Ana is already on hand looking after
the interests of the "old boys."

C. M. Herendeen of Los Angeles
will have charge of the entertain-
ment programs and that they will be
a grand success is already assured
with him at the head.

One week from tomorrow, August
13, will be "bean day" at the camp,
and then is when all the "pigs" that
have been fattened in all the local
camps during the past year will be
consumed, as they will be slaughtered
the day before. As there are no
meatless days now every one may eat
with a relish and to his satisfaction.

The first evening program will be
given tomorrow evening by the H. B.
Post and Corps and will be known as
Huntington Beach night. The address
of welcome will be given by E. E.
French and responded to by Com-
mander Tom Hall of Los Angeles.

The Galloway Bear Cat Tractor

With Fenders and Hood Removed

This tractor is three years ahead of
anything on the market.

Examination will show Timken bear-
ings, worm drive and all parts enclosed.
They are entirely dust proof.

The sensation of the Tractor world,
and it demands the attention of every
prospective buyer of a farm tractor.

The nearest 100 per cent Right of
Any Tractor made in America. Pacific
Coast conditions demand a Tractor built
with all the working parts enclosed and
close to the ground; short wheelbase,
permitting it to turn in small radius. We
canvassed the entire United States to
find it—and here it is—a wheel Tractor
suitable for orchard, hill or valley.

Built like a \$5000 Truck and a
finished product that a boy or a lady can

operate with the ease of operating a
small runabout. It is all the name im-
plies.

Strong as a bear and quick as a cat,
burns gasoline, distillate or kerosene.
It is light enough not to pack the soil
and heavy enough to get traction under
all conditions. It's not just what you
expect—it's even more than you ever
dreamed of.

Heavy duty slow speed motor de-
signed and made for Tractor work;
much heavier than truck motors; 4 1/4 in.
bore, 5 1/2 in. stroke; with very large
crank shaft and automatic governor.

Transmission and Rear Axle are
bolted direct to motor, giving very
short wheel base and short turning
radius. And last but not least, Service
of our Entire Force.
